SELECT EXPERIENCE

ASX listed offshore copper producer

Our team provided extensive assistance, facilitating key stakeholder support for strategies facilitating improvement, growth and capital repositioning of the business.

We assisted the company to consider and prepare for a potential business sale which, due to market circumstances, did not progress. However the company subsequently achieved a significant restructuring and recapitalisation, reflecting a revised Life-of-Mine plan and development approach.

Due diligence of a multibillion dollar media business

We assisted a private equity firm to conduct the commercial due diligence of a key segment of the business.

Our Australian team worked with our US based industry experts to analyse performance, compared it to our proprietary benchmarks and advised on the quantum of cost outs achievable.

Sell side advice for a biopharmaceutical laboratory

We were engaged after the death of the company's sole shareholder and CEO. The shareholder's will and CEO succession was subject to dispute.

Our team managed key stakeholders, maintained commercial oversight and sold the company to an overseas trade buyer at a highly competitive price.

Leading Australian womenswear retailer

Our team was engaged by a significant private group to negotiate the acquisition and assist with the due diligence review of a national womenswear retailer from an ASX listed company. The business was successfully acquired by the buyer.
