Certain of these non-GAAP financial measures are not defined the same as the similarly named financial measures used to establish annual incentive pay (“AIP”) for the year ended December 31, 2022 (“2022 AIP”). See the section of this Proxy Statement titled “Information about our Executive Officers and Compensation — Compensation Discussion and Analysis — 2022 Pay Outcomes — 2022 Annual Incentive Pay — Financial Metrics” beginning on [page 55](#) and [Appendix B](#) for the definitions of similarly named non-GAAP financial measures for determining 2022 AIP of our named executive officers (“NEO”) and the reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measures.

## Our Strategy for Sustainable Growth

2022 was another great year for FTI Consulting, which we believe is further confirmation of the *fundamental strength of this Company: the unrelenting commitment of our people day after day to build their businesses in ways that allow us to help our clients navigate their most significant opportunities and challenges.*

Sustainable growth in professional services comes from attracting, developing and promoting great professionals with ambitions to grow their segments, practices and services. Over the last several years, our financial results have shown that if we do the right things for our business over any medium-term period, even though market conditions and quarterly results can fluctuate, through those efforts we can build a powerful growth engine.

This focus means not overreacting to temporary factors that are out of management's control and being willing to support our strong segments, practices and professionals, even in the face of short-term market headwinds, because we believe over any multi-year period, the financial performance of great professional services firms is dictated by components of the business that *can be influenced by management*, such as:

- **Promoting, developing and attracting talented professionals** who can strengthen and build leading positions in areas of critical client needs.
- **Investing EBITDA** behind key growth areas in which we have a right to win.
- Leveraging investments to build positions that will support **profitable growth on a sustained basis** through a variety of economic conditions.
- Actively evaluating and considering opportunistic acquisitions but committing on a day-in, day-out basis to **growth by organic means**.
- **Maintaining a strong balance sheet** and committing to using our **robust cash flow generation** to enhance shareholder returns.
- **Creating a diverse, inclusive and high-performing culture** where our professionals can grow their career and achieve their full potential.
- **Being a responsible corporate citizen** that drives positive change in the communities in which we do business.

While we achieved record revenues, Adjusted EBITDA and Adjusted EPS in 2022, it is our multi-year performance that we measure our success against. We believe if we continue to have the confidence to not overreact to short-term factors, over the medium term, we will build businesses that great people want to be a part of — segments and practices that attract great people, that support their ambitions and foster their professional development and that allow them to build businesses and client relationships that, through the short-term headwinds and tailwinds, become sustainable, powerful, durable and resilient growth engines.

## Our Strategy in Action – A Powerful Platform for Sustainable Growth

### Diversified Platform Drives Sustained Revenue Growth

Multiyear trajectory of record revenues supported by robust organic growth

### Focus on Profitable Growth

Committed to driving profitability over the medium term while investing behind leading people and positions

### Robust Earnings Growth

GAAP and Adjusted Earnings per Share (“EPS”) have increased 67% and 69%, respectively, since 2018

### Strong Balance Sheet and Disciplined Approach to Capital Allocation

Committed to using our robust cash flow generation to enhance shareholder returns

<sup>(1)</sup> See [Appendix A](#) for the definitions of EBITDA, as adjusted (“Adjusted EBITDA”), Adjusted EPS, organic revenue growth and other non-GAAP financial measures for financial reporting purposes referred to in this Proxy Statement and the reconciliations of non-GAAP financial measures to the most directly comparable GAAP financial measures. Certain of these non-GAAP financial measures are not defined the same as the similarly named financial measures used to establish AIP. See “Information about Our Executive Officers and Compensation — Compensation Discussion & Analysis — 2022 Pay Outcomes — 2022 Annual Incentive Pay — Financial Metrics” beginning on [page 55](#) and [Appendix B](#) for the definitions of similarly named financial measures for determining 2022 AIP of our NEOs and the reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measures.

## KEY ELEMENTS OF 2022 COMPENSATION PROGRAM

Our executive compensation program is strongly linked to the financial and operational performance of the Company. The overall design of our compensation program and each of its three primary components have remained consistent year-over-year, however certain values changed for 2022, as described below. We did not modify our incentive programs during 2022 due to the ongoing impact of COVID-19 on our business.

<p><b>Annual Cash Base Salary</b></p>	<p>Fixed element of annual compensation.</p> <p><b>Annual cash base salary of each NEO (other than the Chief Executive Officer (“CEO”)) increased from \$600,000 in 2021 to \$700,000 in 2022.</b></p>
<p><b>AIP Program</b></p>	<p>Short-term cash incentive with variable payout opportunities based on Adjusted EPS, Adjusted EBITDA and individual performance measured against annual performance goals.</p> <p><b>No changes to AIP performance measures and target values of AIP as a multiple of annual cash base salary payout opportunities for 2022.</b></p>
<p><b>Long-Term Incentive Pay (“LTIP”) Program</b></p>	<p>Long-term equity incentives in the forms of time-based award of shares of restricted stock (“RSA”) and performance-based award of restricted stock units (“Performance RSU”) with multi-year vesting schedules.</p> <p><b>No changes to LTIP performance measure and form of payout. Target LTIP opportunity for our CEO increased from 4.5x annual cash base salary for 2021 to 6.0x annual cash base salary for 2022. Target LTIP payment opportunity as a multiple of annual cash base salary for the other NEOs did not change for 2022.</b></p>

Our executive compensation program is designed with a focus on pay-for-performance. The charts below demonstrate that the Company’s executive compensation program balances fixed and at-risk pay, with **88.9%** of the CEO’s target annual total compensation at-risk and **66.7%** of our other NEOs’ target annual compensation at-risk:

**2022 CEO’s Compensation at Target**

**2022 Other NEOs’ Compensation at Target**

## 2022 SHAREHOLDER ENGAGEMENT AND OUTREACH

### Consideration of Most Recent Say-on-Pay Vote Results

At our annual meeting of shareholders on June 1, 2022 (the “2022 Annual Meeting”), our shareholders expressed support for our executive compensation program with approximately **86%** of the votes cast in favor of our say-on-pay proposal approving named executive officer compensation for the year ended December 31, 2021. Our 2022 compensation decisions were informed by shareholder outreach discussions conducted in late 2021 and early 2022, through which we were able to have dialogue with non-executive shareholders representing approximately **55%** of our outstanding shares. These discussions reinforced our belief that the changes we have adopted over the past several years were responsive to our shareholders’ feedback. See the section titled “Information about Our Executive Officers and Compensation — Compensation Discussion and Analysis — What Guides Our Program — How We Make Compensation Decisions — The Decision-Making Process” on [page 48](#) of this Proxy Statement.

### Robust Shareholder Engagement and Outreach

We have a robust shareholder engagement program that proactively offers shareholders access to management and the Board at multiple touchpoints throughout the year. We regularly speak with a broad spectrum of our shareholders on a variety of topics. Such communications allow us to provide perspective on Company policies and practices, stay attuned to shareholder sentiment on a variety of issues, and address shareholder concerns with our policies and practices, when appropriate. Generally, we communicate with our major shareholders through our executive management and investor relations professionals. Periodically, our Chairman of the Board and Chair of the Compensation Committee communicate with major shareholders as well, which allows our directors to directly solicit and receive our shareholders’ views on our strategy, performance and executive compensation program.

#### Fall

Informed by our summer report, we extend an invitation to our 20 largest shareholders to assess corporate governance and compensation trends and practices that are important to them.

#### Winter

Report shareholder feedback from our fall meetings to the Board and use shareholder feedback to enhance our proxy disclosure and make appropriate changes to our governance practices and executive compensation program.

#### Spring

Conduct follow-up conversations with our largest shareholders and extend an invitation to our 20 largest shareholders to discuss important issues that will be considered at our upcoming annual meeting.

#### Summer

Prepare a report for the Board that includes a review of voting results and feedback we received from our shareholders during the proxy season. This discussion informs outreach and engagement plans for our meetings with shareholders during the fall.

## BOARD COMPOSITION AND CHARACTERISTICS OF DIRECTOR NOMINEES

Our director nominees are a diverse group of experienced business leaders who provide unique perspectives to the Company’s business discussions and strategic plans, which we believe are critical to ensuring that we maintain a high-functioning Board of Directors (the “Board”). Collectively, the tenure of our director nominees balances deep experience at the Company with fresh perspectives. Our director nominees also have diverse expertise and skills that enable them to effectively carry out their duties and responsibilities.

Sir Vernon Ellis, a director of the Company since 2012, will reach the retirement age of 75 prior to the Annual Meeting and, under our Corporate Governance Guidelines, which can be found at “About FTI — Governance — Corporate Governance Guidelines” at <https://www.fticonsulting.com/-/media/files/us-files/our-firm/guidelines/fti-consulting-corporate-governance-guidelines.pdf>, has not been nominated to stand for reelection to the Board of Directors by shareholders of the Company at this Annual Meeting.

In 2022, the Nominating, Corporate Governance and Social Responsibility Committee engaged an independent adviser to assist with identifying qualified and diverse candidates for nomination as directors as part of its Board refreshment process. Effective on April 7, 2023, the Board increased its size to ten directors from nine directors. The Nominating, Corporate Governance and Social Responsibility Committee recommended the nomination of Elsy Boglioli, who was recommended by the independent adviser, for election by the Board as a director of the Company to fill the vacancy on the Board. Effective on April 7, 2023, the Board elected Elsy Boglioli as a director of the Company to fill the vacancy on the Board until the Annual Meeting and until her successor is duly elected and qualifies or until her death, resignation, retirement or removal (whichever occurs earliest).

Despite the increase of the size of the Board to ten directors effective on April 7, 2023, as a result of the retirement of Sir Vernon Ellis, nine director nominees will stand for election by shareholders of the Company at the Annual Meeting. On April 6, 2023, the Board approved a reduction in the number of directors to nine directors from ten directors effective as of the Annual Meeting.

When considering Elsy Boglioli’s nomination, the Nominating, Corporate Governance and Social Responsibility Committee considered, among other factors, her significant experience in the healthcare and healthcare technology industries, which are focuses of the Company’s client practice offerings, experience providing consulting and advisory services to companies in Europe, and experience as an officer or director of various French companies, a geographic focus of the Company, as well as her qualification as an independent director.

With the election of Elsy Boglioli as a director by the Board effective on April 7, 2023, the Board maintains the gender diversity level for female directors in effect following the election of directors at the 2022 Annual Meeting and prior to the resignation of Nicole S. Jones as a director in October 2022. Director gender diversity is of high importance to the Company.

Assuming the election of all nominees as directors of the Company by shareholders at the Annual Meeting, the following chart describes certain characteristics of the Board following their election.

Detailed information on each of our nine director nominees can be found in the section titled “Information about the Board of Directors and Committees — Information about the Nominees for Director” beginning on [page 13](#) of this Proxy Statement.

The Board has not taken action to elect Ms. Boglioli to any Committee.

# PROXY STATEMENT FOR 2023 ANNUAL MEETING OF SHAREHOLDERS

The Annual Meeting of Shareholders of FTI Consulting, Inc., a Maryland corporation (the “Company” or “FTI Consulting”), will be held on June 7, 2023 (the “Annual Meeting”) at 9:30 a.m., Eastern Daylight Time, at FTI Consulting’s principal executive office, which is located at 555 12<sup>th</sup> Street NW, Suite 700, Washington, D.C. 20004.

Our Board of Directors (the “Board”) is soliciting our shareholders’ proxies to be exercised at the Annual Meeting. Shareholders of the Company as of the close of business on March 9, 2023, the record date for the Annual Meeting (the “Record Date”), are entitled to notice of, and to vote at, the Annual Meeting or any postponement or adjournment of the Annual Meeting.

This proxy statement (“Proxy Statement”) provides information that you should read before you vote (or authorize a proxy to vote) on the proposals that will be presented to you at the Annual Meeting and is intended to assist you in deciding how to vote your shares of common stock, par value \$0.01 per share (“Common Stock”), of the Company.

On or about April 24, 2023, we began mailing or emailing to shareholders of record as of the close of business on the Record Date a Notice of Internet Availability of Proxy Materials (“Notice”) containing instructions on how to access this Proxy Statement and our Annual Report to Shareholders for the year ended December 31, 2022 (the “Annual Report”) online, and we began sending a full set of the proxy materials and Annual Report to shareholders who previously requested a paper copy.

## INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

### WHY AM I RECEIVING THESE PROXY MATERIALS?

You are invited to attend the Annual Meeting and are entitled to consider and vote on the items of business described in this Proxy Statement. The proxy materials include the Notice and our Annual Report. If you received a paper copy of these materials by mail or email, the proxy materials also include a proxy card or voting instruction card for the Annual Meeting.

The information in this Proxy Statement describes (i) the proposals to be considered and voted on at the Annual Meeting, (ii) the voting process, (iii) the nine nominees for director named in this Proxy Statement, (iv) information about our Board and committees of our Board (collectively, the "Committees"), (v) the compensation of our named executive officers (each an "NEO," and collectively, the "NEOs") and non-employee directors for the year ended December 31, 2022, and (vi) certain other information we are required or have chosen to provide to you.

### WHY DID I RECEIVE A NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS?

We are sending a Notice, by mail or email, to many shareholders instead of a paper copy of the proxy materials and Annual Report. All shareholders receiving the Notice will find instructions on how to access this Proxy Statement and our Annual Report on the website referred to in the Notice or how to request a printed set of these materials at no charge. Choosing to receive future proxy materials and annual reports over the Internet or by email will save us the cost of printing and mailing documents and will reduce the impact on the environment of holding annual meetings. Your election to receive the proxy materials and annual reports over the Internet or by email will remain in effect until it is terminated. Your Notice will contain instructions on how to:

- view our proxy materials for the Annual Meeting on the Internet;
- view our Annual Report on the Internet;
- vote your shares of Common Stock of the Company or authorize a proxy to vote your shares; and
- instruct us to send future proxy materials to you by mail or electronically by email.

### WHY DID I RECEIVE A PAPER COPY OF THE PROXY MATERIALS AND ANNUAL REPORT?

We are providing some of our shareholders, including shareholders who have previously requested a paper copy of the proxy materials and Annual Report and some of our shareholders who live outside the United States ("U.S."), with a paper copy of this Proxy Statement and the Annual Report instead of the Notice. In addition, any shareholder may request to receive proxy materials and annual reports in printed form by mail or electronically by email or over the Internet on an ongoing basis.

### HOW CAN I REQUEST A PAPER COPY OF THE PROXY MATERIALS AND ANNUAL REPORT?

Shareholders will find instructions about how to obtain a paper copy of the proxy materials and Annual Report in the Notice or the email you receive. **Additionally, we will promptly send a copy of the Annual Report to you at no charge upon written request to our Corporate Secretary at FTI Consulting, Inc., 16701 Melford Blvd., Suite 200, Bowie, MD 20715 or by email to [FTI2023annualmeeting@fticonsulting.com](mailto:FTI2023annualmeeting@fticonsulting.com).**

### WHEN AND WHERE WILL THE COMPANY HOLD THE ANNUAL MEETING?

The Annual Meeting will be held on Wednesday, June 7, 2023 at 9:30 a.m., Eastern Daylight Time. The Annual Meeting will be held at our executive office located at 555 12<sup>th</sup> Street NW, Suite 700, Washington, D.C. 20004, telephone no. +1.202.312.9100.

### WHO MAY VOTE AT THE ANNUAL MEETING?

You may vote all of the shares of our Common Stock that you own as of the close of business on the Record Date. You may cast one vote for each share that you own. As of the close of business on the Record Date, 33,983,032 shares of our Common Stock were issued and outstanding and entitled to vote at the Annual Meeting.

### WHAT IS A QUORUM?

A quorum must be present at the Annual Meeting in order to transact business. A quorum will be established if shareholders entitled to cast a majority of all votes entitled to be cast on any matter are represented in person or by proxy at the Annual Meeting. If a quorum is not established, no business may be conducted at the Annual Meeting, in which case the Annual Meeting may be adjourned without a vote of shareholders by the chair of the Annual Meeting until such time as a quorum is present, with no notice other than announcement at the Annual Meeting.

Proxies received and marked as abstentions from voting on a proposal and broker non-votes are counted for determining whether a quorum is present. Brokers holding shares must vote according to specific instructions they receive from the beneficial owners of those shares. If brokers do not receive specific instructions, brokers may in some cases vote the shares in their discretion, but they are not permitted to vote on certain proposals and may elect not to vote on any of the proposals unless you provide voting instructions. If you do not provide voting instructions and the broker elects to vote your shares on some but not all matters, it will result in a “broker non-vote” for the matters on which the broker does not vote. Abstentions occur when you provide voting instructions but instruct the broker to abstain from voting on a particular matter instead of voting for or against the matter.

## **WHAT AM I VOTING ON, HOW MANY VOTES ARE REQUIRED TO ELECT DIRECTORS AND APPROVE THE OTHER PROPOSALS, AND HOW DOES THE BOARD RECOMMEND I VOTE?**

**Proposal No. 1:** Elect as directors the nine nominees named in the Proxy Statement

As there are nine nominees for the nine director seats up for election, each nominee will be elected as a director if he or she receives the affirmative vote of a majority of the total votes cast “FOR” and “AGAINST” with respect to his or her election as a director at the Annual Meeting. Any abstentions or broker non-votes are not counted as votes cast either “FOR” or “AGAINST” with respect to a director’s election and will have no effect on the election of directors.

**The Board recommends a vote FOR the election of each nominee as a director.**

**Proposal No. 2:** Ratify the appointment of KPMG LLP (“KPMG”) as FTI Consulting, Inc.’s independent registered public accounting firm for the year ending December 31, 2023

Ratification of the appointment of KPMG as the Company’s independent registered public accounting firm for the year ending December 31, 2023 requires a majority of the votes cast on the proposal at the Annual Meeting to be voted “FOR” this proposal. Abstentions will not count as votes cast either “FOR” or “AGAINST” Proposal No. 2 and will have no effect on the results of the vote on this proposal. We do not anticipate any broker non-votes for this proposal.

**The Board recommends a vote FOR the ratification of the appointment of KPMG.**

**Proposal No. 3:** Vote on an advisory (non-binding) resolution to approve the compensation of the named executive officers for the year ended December 31, 2022 as described in the Proxy Statement

The approval of an advisory resolution approving the compensation of our named executive officers for the year ended December 31, 2022 as described in this Proxy Statement for the Annual Meeting requires a majority of the votes cast on this proposal at the Annual Meeting to be voted “FOR” this proposal. Abstentions and broker non-votes will not be counted as votes cast either “FOR” or “AGAINST” Proposal No. 3 and will have no effect on this proposal. However, this proposal is an advisory (non-binding) proposal.

**The Board recommends a vote FOR the advisory (non-binding) resolution to approve the compensation of our named executive officers for the year ended December 31, 2022 as described in this Proxy Statement.**

**Proposal No. 4:** Advisory (non-binding) vote on the frequency of advisory (non-binding) votes on executive compensation of our named executive officers

A majority of the votes cast for Proposal No. 4 will determine the shareholders’ preferred frequency for holding advisory (non-binding) votes on executive compensation of our named executive officers. This means that the option for holding advisory votes every one year, every two years, or every three years, receiving a majority of the votes cast on Proposal No. 4 will be considered the preferred frequency of the shareholders. In the event that no option receives a majority of the votes cast, we will consider the option receiving the most votes to be the option selected by shareholders. Any abstentions or broker non-votes will not be counted as votes cast with respect to Proposal No. 4, and will have no effect on the results of the vote on this proposal.

**The Board recommends a vote to hold advisory (non-binding) votes on named executive officer compensation every one year.**

If you sign, date and return a proxy card but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board’s above recommendations and in the discretion of the proxy holder on any other matter that may properly come before the Annual Meeting or any postponement or adjournment thereof.

## **CAN I VOTE MY SHARES BY FILLING OUT AND RETURNING THE NOTICE?**

No. The Notice identifies the items to be considered and voted on at the Annual Meeting, but you cannot vote by marking and returning the Notice. The Notice provides instructions on how to authorize a proxy to vote your shares of Common Stock by Internet, by telephone or by requesting a paper proxy card or how to vote in person by attending and submitting a ballot at the Annual Meeting.

## **WHO PAYS THE COSTS OF THE PROXY SOLICITATION?**

The Company will pay the cost of soliciting proxies. In addition to the mailing or emailing of the Notice, the proxy materials and the Annual Report, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our officers, directors and employees, who will not receive any additional compensation for such solicitation activities.

## **WHAT DOES IT MEAN IF I RECEIVED MORE THAN ONE PROXY CARD OR VOTING INSTRUCTION CARD?**

If you receive more than one proxy card or voting instruction card, it means that you have multiple accounts with our transfer agent and/or a broker, trust, bank or other nominee or fiduciary, or you may hold shares in different ways or in multiple names (such as through joint tenancy, trusts and custodial accounts). Please vote, or authorize a proxy to vote, all your shares.

## **WILL MY SHARES BE VOTED IF I DO NOT COMPLETE, SIGN, DATE AND RETURN MY PROXY CARD OR VOTING INSTRUCTION CARD, OR VOTE BY SOME OTHER METHOD?**

If you are a registered “record” shareholder and you do not authorize a proxy to vote your shares of Common Stock by Internet, by telephone or by completing, signing, dating and returning a paper proxy card or voting instruction card, your shares will not be voted unless you attend the Annual Meeting and vote in person. However, if you sign, date and return a proxy card but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board’s recommendations and in the discretion of the proxy holder on any other matter that may properly come before the Annual Meeting or any postponement or adjournment thereof.

If your shares are held in a brokerage account or by a trust, bank or other nominee or fiduciary, you are considered the “beneficial owner” of shares held in “street name,” and the Notice or proxy materials would have been forwarded to you by that organization. In order to vote your shares, you must follow the voting instructions forwarded to you by or on behalf of that organization. Brokerage firms, trusts, banks and other nominees and fiduciaries are required to request voting instructions for shares they hold on behalf of customers and others. As the beneficial owner, you have the right to direct the record holder how to vote, and you are also invited to attend the Annual Meeting. We encourage you to provide instructions to your broker, trust, bank or other nominee or fiduciary on how to vote your shares. Since a beneficial owner is not the record shareholder, you may not vote the shares you beneficially own at the Annual Meeting unless you obtain a legal proxy from the record holder giving you the right to vote the shares at the meeting. We note that obtaining a legal proxy may take several days.

If your shares are held for you in street name (i.e., you own your shares through a brokerage, bank or other institutional account), you are considered the beneficial owner of those shares but not the record holder. This means that you vote by providing instructions to your broker rather than to the Company. Brokers holding shares must vote according to specific instructions they receive from the beneficial owner of those shares. If brokers do not receive specific instructions, brokers may in some cases vote the shares in their discretion, but they are not permitted to vote on certain proposals and may elect not to vote on any of the proposals unless you provide voting instructions. If you do not provide voting instructions and the broker elects to vote your shares on some but not all matters, it will result in a “broker non-vote” for the matters on which the broker does not vote. Abstentions occur when you provide voting instructions but instruct the broker to abstain from voting on a particular matter instead of voting for or against the matter. Broker non-votes are not considered as votes cast and will not be counted in determining the outcome of the vote on the election of the nominees for director or on any of the other proposals.

## HOW CAN I REVOKE MY PROXY AND CHANGE MY VOTE PRIOR TO THE ANNUAL MEETING?

You may change your vote at any time prior to the vote taken at the Annual Meeting. You may revoke or change your vote in any one of four ways:

- You may notify our Corporate Secretary, at our office at 16701 Melford Blvd., Suite 200, Bowie, MD 20715 or by email to [FTI2023annualmeeting@fticonsulting.com](mailto:FTI2023annualmeeting@fticonsulting.com), in writing that you wish to revoke your proxy.
- You may submit a proxy dated later than your original proxy.
- You may attend the Annual Meeting and vote by ballot if you are a shareholder of record. Merely attending the Annual Meeting will not by itself revoke a previously authorized proxy. You must submit a ballot and vote your shares of Common Stock at the Annual Meeting.
- For shares you hold beneficially or in street name, you may change your vote by following the specific voting instructions provided to you by the record holder to change or revoke any instructions you have already provided or, if you obtained a legal proxy from your broker, trust, bank or other nominee or fiduciary giving you the right to vote your shares, by attending the Annual Meeting and voting. Again, attendance alone will not by itself revoke a previously authorized proxy.

## HOW DO I ATTEND THE ANNUAL MEETING?

The Annual Meeting is currently scheduled to be held at 555 12<sup>th</sup> Street NW, Suite 700, Washington, D.C. 20004. If you plan to attend the Annual Meeting, you must register in advance by no later than May 24, 2023 and follow these instructions to gain admission. Attendance at the Annual Meeting is limited to shareholders as of the close of business on the Record Date or their authorized proxy holders or representatives. Cameras, sound or video recording equipment, cellular telephones, smartphones or other similar equipment and electronic devices will not be allowed in the meeting room. To gain admission to an in-person Annual Meeting, you must present an admission ticket and valid picture identification, such as a driver's license or passport.

- **If You Vote by Mail.** If you are a shareholder of record and receive your proxy materials by mail, you must mark the box on the proxy card you return to the Company indicating that you will attend the Annual Meeting. Your admission ticket is attached to your proxy card.
- **If You Vote by Internet.** If you are a shareholder of record and receive your materials electronically and authorize a proxy to vote your shares of Common Stock via the Internet, there will be instructions to follow when voting to register to attend the Annual Meeting and print out your admission ticket.
- **Beneficial Owners.** If you are a beneficial owner, bring the notice or voting instruction card that you received from the record holder to be admitted to the Annual Meeting. You will also be asked to present your brokerage statement reflecting your ownership of shares as of the close of business on the Record Date. You will not be able to vote your shares at the Annual Meeting without a legal proxy from the record holder.
- **Authorized Proxy Holder or Named Representatives.** If you are a shareholder as of the close of business on the Record Date and intend to appoint another individual as a proxy holder or authorized named representative to attend the Annual Meeting on your behalf, you must send a written request for an admission ticket by regular mail to our Corporate Secretary at FTI Consulting, Inc., 16701 Melford Blvd., Suite 200, Bowie, MD 20715, or by email to [FTI2023annualmeeting@fticonsulting.com](mailto:FTI2023annualmeeting@fticonsulting.com). Each shareholder may appoint only one proxy holder or authorized representative to attend the meeting on his or her behalf. **Requests for authorized proxy holders or named representatives to attend the Annual Meeting must be received by no later than Wednesday, May 24, 2023.** Please include the following information when submitting your request: (i) your name and complete mailing address; (ii) proof that you own shares of Common Stock of the Company as of the close of business on the Record Date (such as a brokerage statement showing your name and address or a letter from the brokerage firm, trust, bank, or other nominee or fiduciary holding your shares); (iii) a signed authorization appointing such individual to be your authorized named representative at the meeting, which includes the individual's name, mailing address, telephone number and email address, and a description of the extent of his or her authority; and (iv) a legal proxy if you intend such representative to vote your shares at the meeting.
- We reserve the right to deny entry to the Annual Meeting if the above conditions are not satisfied.

## **WHAT IS HOUSEHOLDING OF ANNUAL REPORT AND PROXY STATEMENT INFORMATION?**

Multiple shareholders who share a single address will receive only one Annual Report and Proxy Statement at that address. This practice, known as “householding,” reduces printing and postage costs. Beneficial shareholders may request information about householding from their banks, brokers or other holders of record. ## INFORMATION ABOUT THE BOARD OF DIRECTORS AND COMMITTEES

### THE DIRECTOR NOMINATION PROCESS

#### Identification of Candidates as Directors for Election at the Annual Meeting

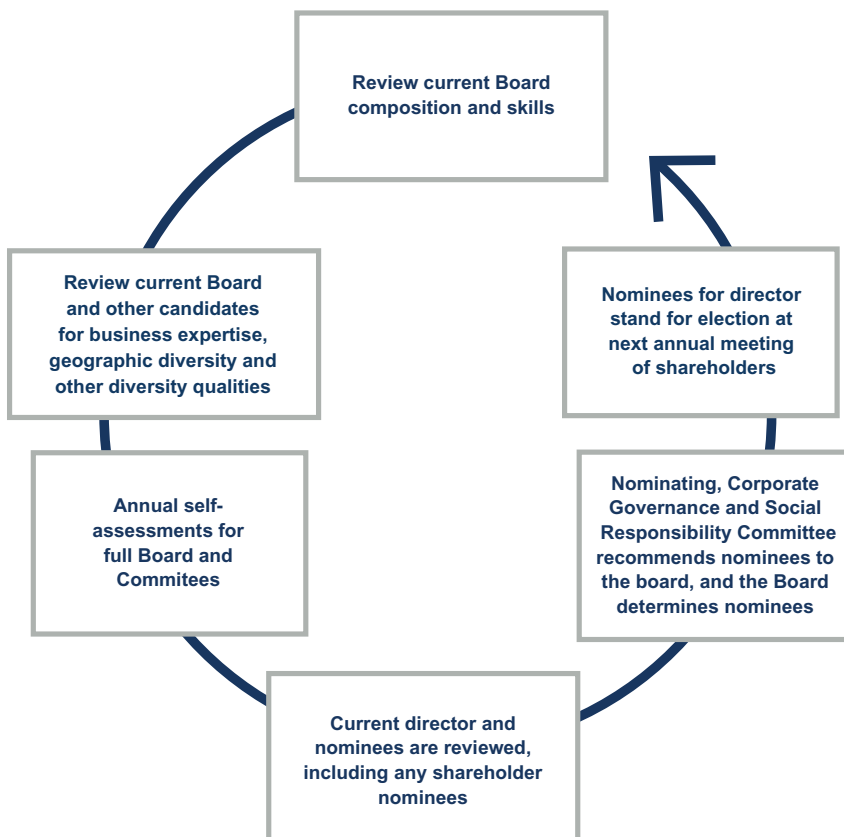

Our Board currently consists of ten directors, nine of whom are independent. During the first quarter of each year, the Board and each Committee conducts a self-assessment, which helps to inform the director nomination process. The Nominating, Corporate Governance and Social Responsibility Committee works with our Board to develop the qualifications, attributes and experience required of Board nominees in light of current Board composition, our business and operations, our long-term and short-term plans, applicable legal and listing requirements, and other factors the Nominating, Corporate Governance and Social Responsibility Committee considers relevant.

The Nominating, Corporate Governance and Social Responsibility Committee is authorized, in its sole discretion, to engage outside search firms and consultants to assist with the process of identifying and qualifying candidates for nomination as directors and has the sole authority to negotiate the fees and terms of the retention of such advisers.

The Nominating, Corporate Governance and Social Responsibility Committee evaluates directors for election each year as if they were new candidates. It may identify other candidates for nomination as directors, if necessary, through recommendations from our directors, management, employees, shareholders, or outside advisers or consultants, as well as through the formal shareholder nomination process described under the section titled “Corporate Governance — Shareholder Nominees for Director” on page 31 of this Proxy Statement. The Nominating, Corporate Governance and Social Responsibility Committee will evaluate candidates in the same manner, regardless of the source of the recommendation.

#### Director Nomination Actions

As part of its refreshment efforts, the Nominating, Corporate Governance and Social Responsibility Committee focuses on ensuring that the non-employee director candidates are independent and have a diverse skill set based on industry- and company-specific knowledge and will bring unique perspectives to the Board. The Nominating, Corporate Governance and Social Responsibility Committee will also consider gender and other diversity-related attributes when evaluating candidates. Specifically, the refreshment process entails:

## Board Composition Developments

The Nominating, Corporate Governance and Social Responsibility Committee considers the policies of the Company regarding director elections, including our Corporate Governance Guidelines, which can be found at <https://www.fticonsulting.com> under “About FTI — Governance — Corporate Governance Guidelines at <https://www.fticonsulting.com/-/media/files/us-files/our-firm/guidelines/fti-consulting-corporate-governance-guidelines.pdf>, that provide that a director generally will not be nominated for reelection at any annual meeting of shareholders to be held on or following his or her 75<sup>th</sup> birthday. Sir Vernon Ellis, who will reach age 75 prior to this Annual Meeting, has not been nominated to stand for reelection as a director by shareholders of the Company at this Annual Meeting, in accordance with our director retirement policy. The Board thanks Sir Vernon for his valuable contributions to the Company during his many years of dedicated service.

In 2022, the Nominating, Corporate Governance and Social Responsibility Committee engaged an independent adviser to assist with identifying qualified and diverse candidates for nomination as directors as part of its Board refreshment process. Effective on April 7, 2023, the Board increased its size to ten directors from nine directors. The Nominating, Corporate Governance and Social Responsibility Committee recommended the nomination of Elsy Boglioli, who was recommended by the independent adviser, for election by the Board as a director of the Company to fill the vacancy on the Board. Effective on April 7, 2023, the Board elected Elsy Boglioli as a director of the Company to fill the vacancy on the Board until the Annual Meeting and until her successor is duly elected and qualifies or until her death, resignation, retirement or removal (whichever occurs earliest).

Despite the increase of the size of the Board to ten directors effective on April 7, 2023, as a result of the retirement of Sir Vernon Ellis, nine director nominees will stand for election by shareholders of the Company at the Annual Meeting. On April 6, 2023, the Board approved a reduction in the number of directors to nine directors from ten directors effective as of the Annual Meeting.

When considering Elsy Boglioli's nomination, the Nominating, Corporate Governance and Social Responsibility Committee considered, among other factors, her significant experience in the healthcare and healthcare technology industries, which are focuses of the Company's client practice offerings, experience providing consulting and advisory services to major corporations in Europe, and experience as an officer or director of various French companies, a geographic focus of the Company, as well as her qualification as an independent director.

With the election of Elsy Boglioli as a director by the Board effective on April 7, 2023, the Board maintains the gender diversity level for female directors in effect following the election of directors at the annual meeting of shareholders on June 1, 2022 (the “2022 Annual Meeting”) and prior to the resignation of Nicole S. Jones in October 2022. Director gender diversity is of high importance to the Company.

The Nominating, Corporate Governance and Social Responsibility Committee discussed with each director his or her ability to continue to serve as a director if he or she were to be nominated by the Board and elected by shareholders at the Annual Meeting. All of the director nominees welcome the opportunity to continue to serve as a director of the Company if elected by shareholders of the Company at the Annual Meeting.

### The Director Nominees

Our director nominees are a diverse group of experienced business leaders who provide unique perspectives to the Company's business discussions and strategic plans, which we believe is critical to ensuring that we maintain a high-functioning Board. Collectively, the tenure of our director nominees balances deep experience at the Company with fresh perspectives. Assuming the election of the nominees as directors of the Company by shareholders at the Annual Meeting, the following chart describes certain characteristics of the Board following their election.

## 2023 Nominations of Candidates as Directors for Election at the Annual Meeting

Following its consideration of the above factors, as well as the qualifications of the directors, including their ability to continue to serve as directors of the Company following the Annual Meeting, the Nominating, Corporate Governance and Social Responsibility Committee recommended the nomination of, and the Board nominated, nine directors to stand for election by shareholders of the Company at the Annual Meeting:

## INDEPENDENCE OF DIRECTORS

The Board has established Categorical Standards of Director Independence, which are the same as the NYSE Section 303A standards governing director independence as currently in effect, and recognizes that a director is “independent” if he or she does not have a material relationship with the Company (directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), considering all facts and circumstances that the Board determines are relevant. Our Categorical Standards of Director Independence are available on the Company’s website under “About FTI — Governance” and at <https://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/categorical-standards-for-director-independence.pdf>. Based on those standards, the Board, upon the recommendation of the Nominating, Corporate Governance and Social Responsibility Committee, affirmatively determined that, other than Steven H. Gunby, the nine non-employee directors named above who are standing for election at the Annual Meeting are independent. In addition, the Board, upon the recommendation of the Nominating, Corporate Governance and Social Responsibility Committee, determined that Sir Vernon Ellis, a current director who has not been nominated to stand for reelection by shareholders of the Company at the Annual Meeting in accordance with our director retirement policy, is independent, and that Nicole S. Jones, who served as a director until October 14, 2022, was independent during the time that she served as a director of the Company. Steven H. Gunby is not considered independent since he is our President and Chief Executive Officer (our “CEO”).

In making its independence determinations, the Board considered that Brenda J. Bacon is Chief Executive Officer of Brandywine Senior Living LLC, Laureen E. Seeger is Chief Legal Officer of the American Express Company and Nicole S. Jones is Executive Vice President and General Counsel of The Cigna Group (formerly, Cigna Corporation), each a client of the Company. The Board found that Ms. Bacon and Ms. Seeger are each independent, and the Board found that Ms. Jones was independent during the time she served as a director of the Company, after concluding that the Company’s engagements with each employer and its subsidiaries are in the ordinary course of the Company’s business on substantially the same terms as transactions with other clients of the Company for similar services, and none of Ms. Bacon and Ms. Seeger has received, and Ms. Jones did not receive during her tenure as a director, any direct or indirect personal and pecuniary benefits from any such client engagements or transactions. The aggregate fees from such engagements with each of Brandywine Senior Living LLC and its subsidiaries, the American Express Company and its subsidiaries, and The Cigna Group and its subsidiaries, amounted to less than the greater of \$1.0 million or 2% of each of such company’s consolidated gross revenues for each year ended December 31, 2020, December 31, 2021 and December 31, 2022.

In addition, during each of the years ended December 31, 2020, December 31, 2021 and December 31, 2022, the Company did not make charitable contributions to any organization in which a director serves as an employee, officer, director, trustee or partner, which in any single year exceeded the greater of \$1.0 million or 2% of such organization’s consolidated gross revenues.

## **PROPOSAL NO. 1—ELECT AS DIRECTORS THE NINE NOMINEES NAMED IN THE PROXY STATEMENT**

Each of the nine directors nominated by the Board is standing for election at the Annual Meeting. Each nominee, if elected, will serve as a director until the next annual meeting of shareholders and until his or her successor is duly elected and qualifies or until his or her death, resignation, retirement or removal (whichever occurs earliest).

We do not know of any reason why any nominee would be unable to serve as a director, if elected. If any nominee is unable to serve or, for good cause, will not serve, which is not anticipated, the Nominating, Corporate Governance and Social Responsibility Committee may identify and recommend a candidate or candidates to the Board as a potential substitute nominee or nominees, and, if the Board agrees with the Nominating, Corporate Governance and Social Responsibility Committee's recommendation, it will nominate such person(s). If that happens, all valid proxies will be voted "FOR" the election of the substitute nominee or nominees designated by the Board. Alternatively, the Board may determine to keep a vacancy open or reduce the size of the Board. Shareholders may not vote for a greater number of persons than the number of nominees named.

More detailed information about each of the nine nominees is provided in the section of this Proxy Statement titled "Information about the Board of Directors and Committees — Information about the Nominees for Director" beginning on [page 13](#) of this Proxy Statement.

Our policy is that all incumbent directors are expected to attend the annual meeting of shareholders except in cases of serious illness or extreme hardship.

**Shareholder Approval Required.** Each nominee will be elected as a director if he or she receives the affirmative vote of a majority of the total votes cast "FOR" and "AGAINST" with respect to his or her election as a director at the Annual Meeting. Abstentions or broker non-votes are not counted as votes cast either "FOR" or "AGAINST" with respect to a director's election and will have no effect on the election of directors. Any director who does not receive the required vote will be subject to our mandatory resignation policy, which is described in the section of this Proxy Statement titled "Corporate Governance — Our Significant Corporate Governance Policies and Practices" beginning on [page 26](#) of this Proxy Statement.

**The Board of Directors Unanimously Recommends That You Vote FOR the Election of All Nine Nominees as Directors.**

**INFORMATION ABOUT THE NOMINEES FOR DIRECTOR**

All of the nominees were elected as directors by shareholders of the Company at the 2022 Annual Meeting, other than Elsy Boglioli who was elected as a director of the Company by the Board effective on April 7, 2023 to fill the vacancy created by the action of the Board effective on April 7, 2023 to increase its size to ten directors from nine directors. ## DIRECTOR ATTENDANCE AT MEETINGS

### Director Attendance at Board and Committee Meetings

Our Board and its Committees meet throughout the year on a set schedule, hold special meetings as needed and act by written consent from time to time. Each director is expected to attend all meetings of the Board and each Committee of the Board on which he or she serves unless excused for reasons of serious illness or extreme hardship. During each director's term of office in 2022, each director attended 75% or more of the total number of regular and special meetings held by the Board and each Committee on which he or she served during the period in which he or she served as a director.

In 2022, the Board and each Committee held the following number of meetings:

	BOARD OF DIRECTORS	AUDIT COMMITTEE	COMPENSATION COMMITTEE	NOMINATING, CORPORATE GOVERNANCE AND SOCIAL RESPONSIBILITY COMMITTEE
Total Meetings Held	8	6	6	4

For purposes of presenting this information, each joint meeting of the Board and any Committee has been counted as a separate meeting of the Board and the applicable Committee. Meetings that were adjourned one day and reconvened on another day have been counted as one meeting. A meeting at which the Board or a Committee has convened for a limited joint purpose has been counted as the meeting of the primary meeting holder.

### Director Attendance at Other Meetings

Our independent directors meet in closed (executive) sessions, without the presence of management, periodically throughout the year. The non-executive, independent Chairman of the Board chairs the meetings of the independent directors, which coincide with regular meetings of the Board. During 2022, our independent directors met in closed (executive) sessions four times without management, and all independent directors attended 75% or more of such sessions during the period in which they served as a director.

Our policy is that all director nominees attend the annual meeting of shareholders except in cases of serious illness or extreme hardship. All directors then serving attended our 2022 Annual Meeting.

#### Audit Committee

The Board has determined that all Audit Committee members are independent under the Company’s Categorical Standards of Director Independence and pursuant to the NYSE’s corporate governance rules and applicable rules of the U.S. Securities and Exchange Commission (the “SEC”). Mr. Bartlett serves as a member of our Audit Committee and three other public company audit committees, and the Board has determined that such simultaneous service does not impair the ability of Mr. Bartlett to effectively serve on our Audit Committee. The Board has determined that each member of the Audit Committee qualifies as an “audit committee financial expert” within the meaning stipulated by the SEC.

#### Functions of the Audit Committee

- selects, oversees and retains our independent registered public accounting firm;
- reviews and discusses the scope of the annual audit and written communications by our independent registered public accounting firm to the Audit Committee and management;
- oversees our financial reporting activities, including the annual audit and the accounting standards and principles we follow;
- approves audit and non-audit services by our independent registered public accounting firm and applicable fees;
- reviews and discusses our periodic reports filed with the SEC;
- reviews and discusses our earnings press releases and communications with financial analysts and investors;
- oversees our internal audit activities;
- oversees our disclosure controls and procedures;
- reviews Section 404 of the Sarbanes-Oxley Act of 2002, internal control over financial reporting;
- oversees and monitors our Policy on Reporting Concerns and Non-Retaliation and related reports;
- reviews and discusses risk assessment and risk management policies and practices, including risks associated with cybersecurity- and climate-related matters;
- oversees the administration of the Code of Ethics and Business Conduct and other ethics policies;
- reviews, discusses and approves insider and affiliated person transactions;
- administers the policy with respect to the hiring of former employees of the Company’s independent registered public accounting firm;
- performs an annual self-evaluation of the Audit Committee;

- reviews the Audit Committee Charter and recommends changes to the Nominating, Corporate Governance and Social Responsibility Committee for submission to the Board for approval; and
- prepares the Audit Committee Report required to be included in the annual proxy statement.

### **Compensation Committee**

The Board has determined that all Compensation Committee members are non-employee directors and qualify as independent directors under the Company’s Categorical Standards of Director Independence and the NYSE’s corporate governance rules, including the additional independence standards adopted by the NYSE on January 11, 2013 specific to compensation committee membership. In making its determinations regarding the independence of each of the Compensation Committee members, the Board has considered all factors specifically relevant to determining whether a director has a relationship with the Company that would materially impair the director’s ability to make independent judgments about executive officer compensation, including: (i) the source of such director’s compensation; (ii) any consulting, advisory or other compensatory fees paid by the Company to the director; and (iii) any other affiliations the director has with the Company and its affiliates, including engagements by clients that are companies or affiliates of companies for which members of the Compensation Committee serve as officers or directors.

Each member of the Compensation Committee qualifies as a “non-employee” director under Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

### **Role of Management**

The Compensation Committee and the Board solicit recommendations from our CEO and other officers regarding compensation matters, including the compensation of executive officers and key employees other than our CEO. They assist the Compensation Committee by providing information such as financial results, short-term and long-term business and financial plans, and strategic objectives, as well as their views on our executive compensation program and pay levels. Our CEO attended all Compensation Committee meetings held during 2022, other than meetings and executive sessions to which he was not invited. Our CEO did not participate in the Compensation Committee discussions regarding his individual performance and final annual compensation. Only members of the Compensation Committee vote on matters before that Committee.

### **Role of the Compensation Advisers**

Under the Compensation Committee Charter, the Compensation Committee is authorized to select, retain and direct the activities, and terminate the services, of compensation advisers, as well as approve fees and expenses of such advisers. During 2022, the Compensation Committee retained the services of Pearl Meyer & Partners, LLC (“Pearl Meyer”) to provide advice to the Compensation Committee on certain executive compensation matters. In addition, during 2022, the Compensation Committee consulted Dechert LLP (“Dechert”) on certain legal aspects of executive officer compensation. During 2022, the Compensation Committee requested advice on a variety of issues from Pearl Meyer, including our annual and long-term executive incentive compensation program structures and performance metrics, CEO pay-for-performance, non-employee director compensation, the voting policies of proxy advisers and the composition of our compensation peer group, as well as our say-on-pay proposal and other compensation disclosures included in our proxy statement for our 2022 Annual Meeting. Neither Pearl Meyer nor the Company provided any services to the other during 2022, apart from the advisory services provided by Pearl Meyer to the Compensation Committee. Dechert provided services to the Company as outside executive compensation counsel. In such capacity, Dechert advised the Company regarding general governance inquiries related to executive compensation matters, periodic securities law advice regarding equity grant practices and employment matters, periodic tax advice relating to non-qualified deferred compensation and equity grants, and general advice regarding our say-on-pay proposal and other compensation disclosures in our proxy statement for our 2022 Annual Meeting. The Company routinely is engaged by Dechert to provide services to it or its clients in the ordinary course of our business. After consideration of the above factors, including any relationships with any Compensation Committee member or executive officer of the Company, if applicable, as well as information supplied by Pearl Meyer, including its independence letter, the Compensation Committee concluded that Pearl Meyer was independent and not subject to any conflicts of interest when providing services to the Compensation Committee. After considering Dechert’s relationships with the Company and its subsidiaries, and Dechert’s conflicts of interest policy and practices, the Compensation Committee concluded that Dechert is not independent but determined that it offers unique, well-rounded perspectives on our executive officer compensation and other matters, and the legal advice it provides is aligned with the interests of the Company. The Compensation Committee currently intends to continue to consult with Pearl Meyer and applicable outside counsel on executive officer compensation and other matters from time to time. Payments to Pearl Meyer did not exceed \$120,000 for 2022.

## Functions of the Compensation Committee

- approves the compensation of our CEO;
- administers our equity-based compensation plans and approves awards under such plans;
- establishes objective performance goals, individual award levels, and operative and subjective performance measures and oversees all aspects of executive officer incentive compensation;
- reviews and approves, or recommends that the Board approve, employment, consulting and other contracts or arrangements with present and former executive officers;
- reviews the compensation disclosures in the annual proxy statement and Annual Report on Form 10-K filed with the SEC and discusses the disclosures with management;
- performs annual performance evaluations of our CEO and reviews the CEO's annual performance evaluations of other executive officers, in conjunction with the independent Chairman of the Board or other presiding director, as applicable, and Chair of the Nominating, Corporate Governance and Social Responsibility Committee;
- performs an annual self-evaluation of the Compensation Committee;
- reviews the Compensation Committee Charter and recommends changes to the Nominating, Corporate Governance and Social Responsibility Committee for submission to the Board for approval;
- prepares the Compensation Committee Report included in the annual proxy statement;
- submits all equity-based compensation plans, executive officer compensation plans and material revisions to such plans to a vote of the Board and to a vote of shareholders if shareholder approval is required; and
- ensures that shareholders have the opportunity to vote on (i) an advisory (non-binding) resolution to approve the compensation of the Company's NEOs and (ii) the frequency of the shareholder advisory (non-binding) votes to approve the resolution approving the compensation of the NEOs at least once every six years.

## Compensation Committee Interlocks and Insider Participation

During the year ended December 31, 2022, no director who served as a member of the Compensation Committee has served as one of our officers or employees at any time. No executive officer serves as a member of the board or compensation committee of any other company that has an executive officer serving as a member of our Board or Compensation Committee.

## Nominating, Corporate Governance and Social Responsibility Committee

The Nominating, Corporate Governance and Social Responsibility Committee consists of only non-employee directors, who qualify as independent directors under our Categorical Standards of Director Independence and the NYSE's corporate governance rules.

## Functions of the Nominating, Corporate Governance and Social Responsibility Committee

- identifies and qualifies the annual slate of directors for nomination by the Board;
- reviews non-employee director compensation and recommends changes to the Board for approval;
- assesses the independence of directors for the Board;
- identifies and qualifies the candidates for Chairman of the Board and for membership and chairmanship of the Committees for appointment by the Board;
- identifies and qualifies candidates to fill vacancies occurring between annual meetings of shareholders for election by the Board;

- performs an annual self-evaluation of the Nominating, Corporate Governance and Social Responsibility Committee.

## COMPENSATION OF NON-EMPLOYEE DIRECTORS AND POLICY ON NON-EMPLOYEE DIRECTOR EQUITY OWNERSHIP

### General

Non-employee directors receive annual retainer and equity compensation as described below pursuant to the FTI Consulting, Inc. Non-Employee Director Compensation Plan, amended and restated effective as of January 1, 2016 (the “Director Plan”). We reimburse our non-employee directors for their out-of-pocket expenses incurred in the performance of their duties as our directors (including expenses related to spouses when spouses are invited to attend Board events). We do not pay fees for attendance at Board and Committee meetings.

### Non-employee Director Compensation

The following table describes the components of non-employee director compensation for 2022:

COMPENSATION ELEMENTS	2022 DIRECTOR COMPENSATION VALUES <sup>(1) (5)</sup> (\$)	ALTERNATIVE FORMS OF PAYMENT
<b>Annual Retainer:</b> <sup>(2) (5) (6)</sup>	50,000	Cash or Deferred Stock Units
<b>Annual Committee Chair Fees:</b> <sup>(2) (5)</sup>	10,000 — Chair of Audit Committee 7,500 — Chair of Compensation Committee 5,000 — Chair of Nominating, Corporate Governance and Social Responsibility Committee	Cash or Deferred Stock Units
<b>Additional Annual Non-Employee Chairman of the Board Fee:</b> <sup>(2) (5)</sup>	200,000	Cash or Deferred Stock Units
<b>Annual Equity Award:</b> <sup>(2) (3) (4) (5) (6)</sup>	250,000	Restricted Stock, Restricted Stock Units, Deferred Restricted Stock Units or Cash

<sup>(1)</sup> Continuing non-employee directors receive payment of the annual retainer and annual equity award, and Chairman of the Board or Committee Chair fee, if applicable, as of the date of each annual meeting of shareholders. A new non-employee director receives a prorated annual retainer and equity award upon first being elected to the Board other than at an annual meeting. A non-employee director, who is appointed as a Chair other than following an annual meeting, receives a prorated non-executive Chairman of the Board or Committee Chair fee, as applicable.

<sup>(2)</sup> U.S. non-employee directors are permitted to voluntarily defer annual retainer payments (including any annual fee to the non-executive Chairman of the Board or a Committee Chair) and/or annual equity compensation awards in the form of deferred stock units or deferred restricted stock units, respectively. Deferred stock units awarded on account of deferred annual retainer and Chairman of the Board or Committee Chair fees are vested in full on the grant date. Deferred restricted stock units granted on account of deferred annual equity compensation awards vest in full on the first anniversary of the grant date unless vesting is accelerated as described in footnote (4) below. Each deferred stock unit and deferred restricted stock unit represents the right to receive one share of Common Stock upon the earliest of (i) a separation from service event, (ii) an elected payment date, and (iii) certain other permissible payment events, in each case, in accordance with Section 409A (“Code Section 409A”) of the U.S. Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”).

<sup>(3)</sup> The annual equity award, unless deferred, is in the form of shares of restricted stock, in the case of U.S. non-employee directors, and restricted stock units, in the case of non-U.S. non-employee directors. Each restricted stock unit represents the right to receive one share of Common Stock upon vesting. Annual equity awards are non-transferable and vest in full on the first anniversary of the grant date unless vesting is accelerated as described in footnote (4) below.

<sup>(4)</sup> All unvested shares of restricted stock and restricted stock units will immediately vest in full upon a non-employee director’s (i) death, (ii) “Disability” (as defined in the Director Plan), (iii) cessation of service within one year following a Change in Control unless other accommodations are made with respect to such awards, (iv) cessation of service at the expiration of his or her term as a director due to the Company’s failure to renominate such director for service on the Board (other than for “Cause” (as determined by the Board, in its good-faith discretion), due to the request of such director or as a result of a voluntary resignation) or (v) cessation of service due to failure of the Company’s shareholders to elect such director for service on the Board (other than for “Cause” (as determined by the Board, in its good-faith discretion)).

<sup>(5)</sup> The number of (i) deferred stock units awarded to a non-employee director as annual retainer compensation (including any annual fee to the non-executive Chairman of the Board or a Committee Chair) and (ii) shares of restricted stock, restricted stock units and deferred restricted stock units awarded to a non-employee director as annual equity compensation will be determined by dividing (a) the U.S. dollar value of such award by (b) the closing price per share of Common Stock reported on the NYSE for the grant date. Fractional restricted shares, restricted stock units, deferred stock units and deferred restricted share units are rounded down to the nearest whole share.

<sup>(6)</sup> If we do not have sufficient shares of Common Stock authorized under our shareholder-approved equity compensation plan to fund annual retainer and equity awards in stock-based awards, such awards will be funded in cash. The payout of such cash amounts will be subject to the terms of the applicable deferred compensation payment and vesting and accelerated vesting conditions, including the requirements of Code Section 409A of the Internal Revenue Code. Such cash amounts generally will accrue interest at the rate of 6% per annum.

<sup>(4)</sup> Ms. Jones resigned as a director of the Company and member of the Compensation Committee effective on October 14, 2022, due to obligations arising from her position as Executive Vice President and General Counsel of The Cigna Group (formerly Cigna Corporation) that resulted in scheduling conflicts and limited the time she was able to devote to her position as a director of the Company. Upon her resignation, Ms. Jones forfeited all unvested shares of restricted stock awarded to her on March 22, 2022 and June 1, 2022 with grant date values of \$49,166.70 and \$249,954.76, respectively. In addition, Ms. Jones returned to the Company the annual cash retainer in the amount of \$50,000 paid upon her election to the Board at the 2022 Annual Meeting.

### **Policy on Non-employee Director Equity Ownership**

Our Policy on Non-Employee Director Equity Ownership demonstrates our Board's continuing commitment to shareholder interests. The policy sets each non-employee director's total investment level at five times (5.0x) the value of the annual retainer. A non-employee director will be required to meet the ownership level in effect when he or she first joins the Board within three years following receipt of his or her first director compensation payment. Non-employee directors have three years to meet any increased ownership level during their tenure. In addition, under the policy, a non-employee director may not sell, transfer or dispose of shares of Common Stock if he or she does not attain or maintain the applicable equity ownership investment level at the initial ownership measurement date, or at June 30 of each year thereafter, except as necessary to pay or repay the cost of exercising a stock option or any tax obligations associated with the exercise of a stock option or vesting of stock-based awards, or as otherwise approved by the Compensation Committee, in its sole discretion.

Shares of Common Stock that are, directly or indirectly, (i) beneficially owned by a non-employee director or (ii) held in a trust over which such non-employee director has more than 50% of the beneficial interest and controls the management of the assets will count toward attaining and maintaining the applicable equity ownership level. Also, restricted stock, restricted stock units, deferred stock units and deferred restricted stock units, whether or not vested, will count toward attaining and maintaining the non-employee director's applicable equity ownership level. Stock options, whether or not vested, will not count toward meeting the equity ownership requirement. The securities counted toward attaining and maintaining each non-employee director's ownership level will be valued at the average of the closing price per share of Common Stock reported on the NYSE for each trading day in the 90-calendar-day period immediately preceding the applicable measurement date. All non-employee directors in office as of December 31, 2022 were in compliance with our Policy on Non-Employee Director Equity Ownership as of that date.

Elsy Boglioli is eligible to receive pro rata non-employee director compensation as of the effective date of her election to the Board on April 7, 2023 and will be required to meet the director equity ownership requirement by the third anniversary of that date.

The Nominating, Corporate Governance and Social Responsibility Committee regularly reviews corporate governance developments and recommends modifications or new policies for adoption by the Board and the Committees, as appropriate, to enhance our corporate governance policies and practices and to comply with the laws and rules of the SEC, the NYSE and other regulators.

### OUR SIGNIFICANT CORPORATE GOVERNANCE POLICIES AND PRACTICES

The Board is committed to maintaining strong corporate governance practices, which include:

- **Annual Director Elections.** Shareholders elect our directors annually to hold office until the next annual meeting of shareholders and until his or her successor is duly elected and qualifies or until his or her death, resignation, retirement or removal (whichever occurs earliest).
- **Non-Employee Independent Chairman of the Board.** Gerard E. Holthaus is our non-employee independent Chairman of the Board. More information about our Chairman of the Board may be found in the section titled "— Board Leadership Structure" on [page 27](#) of this Proxy Statement.
- **Majority Voting in Uncontested Director Elections.** A nominee in an uncontested election shall be elected as a director only if such nominee receives the affirmative vote of a majority of the total votes cast "FOR" and "AGAINST" as to such nominee at a meeting. Any abstentions or broker non-votes are not counted as votes cast either "FOR" or "AGAINST" with respect to a director's election and will have no effect on the election of directors.
- **Director Resignation.** Our Corporate Governance Guidelines provide that in an uncontested election, if an incumbent director fails to receive the required majority vote, he or she must offer to resign from the Board. The Nominating, Corporate Governance and Social Responsibility Committee will (a) consider such offer to resign, (b) determine whether to accept such director's resignation, and (c) submit such recommendation for consideration by the Board. The director whose offer to resign is under consideration may not participate in any deliberation or vote of the Nominating, Corporate Governance and Social Responsibility Committee or the Board regarding his or her offer of resignation. In the event that all directors offer to resign in accordance with our resignation policy, the Nominating, Corporate Governance and Social Responsibility Committee will make

a final determination as to whether to recommend to the Board to accept all offers to resign, including those offers made by members of the Nominating, Corporate Governance and Social Responsibility Committee. The Nominating, Corporate Governance and Social Responsibility Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director's offer to resign. Within 90 days after the date of certification of the election results, the Board will publicly disclose the Board's decision of whether or not to accept an offer of resignation. If such incumbent director's offer to resign is not accepted by the Board, such director will continue to serve until his or her successor is duly elected and qualifies or until his or her death, resignation, retirement or removal (whichever occurs earliest). If a director's offer to resign is accepted by the Board, then the Board, in its sole discretion, may fill any resulting vacancy pursuant to the Company's Bylaws or reduce the size of the Board.

- **Executive Sessions.** Our Board meets regularly in executive sessions, without the presence of management, including our CEO.
- **Shareholder Rights Plan.** We do not have a shareholder rights plan and are not currently considering adopting one.
- **Shareholder Power to Amend Bylaws.** Our shareholders, by the affirmative vote of the holders of a majority of the shares of Common Stock entitled to vote, have the power to adopt, alter or repeal any Bylaw of the Company.

## **BOARD LEADERSHIP STRUCTURE**

Our Corporate Governance Guidelines provide the Board with flexibility to choose the leadership structure that it deems best for the Company based upon our business needs, prospects, opportunities and strategic goals at the time, including separating the roles of Chairman of the Board and CEO. In December 2013, the Board appointed Gerard E. Holthaus as its non-employee independent Chairman of the Board. In determining who should hold the position of Chairman, the Board considered Mr. Holthaus' experience since 2006 as the Board's independent Presiding Director. The Board also considered each director's individual experience and his or her experience serving as a director of other companies, particularly the experience of non-U.S. directors serving on the boards of directors of companies in locations where non-executive or independent chairmanships are common. The Board believes that Mr. Holthaus' continuing service as Chairman of the Board provides continuity in leadership and governance. The Board periodically reviews its leadership structure and may make changes in the future.

The Board also believes that separation of the CEO and Chairman of the Board positions balances the role of the Board to oversee the Company's business, on the one hand, and management's responsibilities to manage the Company's operations on a day-to-day basis, on the other hand. Our CEO is responsible for setting the strategic vision of the Company, leading the Company's day-to-day business, managing the executive officers and other key employees directed with implementing plans and carrying out operations and reporting to the Board. The Chairman of the Board structures the agendas for the Board meetings to ensure that topics deemed important by the independent directors are addressed, as well as to allow the Board to express its views on the Company's management, operations, material transactions, strategy and execution. As Chairman, Mr. Holthaus (i) presides over meetings and executive sessions of the Board and executive sessions of the independent directors, (ii) acts as a liaison between management and the independent directors, (iii) consults with our CEO, (iv) ensures that the Board and our CEO understand each other's views on critical matters, (v) monitors significant issues occurring between Board meetings and ensures Board involvement when appropriate, (vi) ensures the adequate and timely exchange of information and supporting data between the Company's management and the Board, and (vii) receives shareholder communications addressed to the independent directors. Periodically, the Chairman may join with management to engage with investors, employees and other stakeholders.

## **OVERSIGHT OF RISK MANAGEMENT**

We are exposed to a number of risks, including financial risks, operational risks, reputational risks, strategic risks, human capital risks, competitive risks, risks relating to operating in foreign countries, day-to-day management risks, information privacy-, data- and technology-related risks, including cybersecurity risks, general economic and business risks, legal, regulatory and compliance risks, including risks associated with the Foreign Corrupt Practices Act (the "FCPA") and foreign anti-bribery laws, and environmental, social and governance ("ESG")- and sustainability-related risks, including risks relating to climate change. The Board has delegated the critical responsibility for overall risk oversight to the Audit Committee, which reports to the Board. Management of the Company has primary responsibility for performing risk assessments, identifying and monitoring risks, establishing policies and processes, formulating strategies, implementing and carrying out corporate responses, and reporting to the Audit Committee or other responsible Committee of the Board.

Our Vice President - Chief Risk and Compliance Officer (“Chief Compliance Officer”), who reports to our General Counsel, has primary responsibility for communication with the Audit Committee and our internal enterprise risk management function, working closely with members of our Enterprise Risk Management Committee and our executive management, business segments and corporate functions, such as accounting, information technology and cybersecurity, internal audit, and ethics and compliance and corporate citizenship, to identify and assess risks and mitigate exposures. At least quarterly, the Audit Committee reviews and discusses the enterprise risk management profile, which identifies, categorizes and discusses short-term, intermediate-term and long-term risks, that management of the Company prepares, and the policies and guidelines that management of the Company uses, to assess, manage, mitigate and respond to risks. The Audit Committee reports to the Board on a regular basis to apprise all directors of the Company’s risk profile and risk management and holds discussions with our executive management, the Chief Compliance Officer and head of internal audit more frequently, if and when needed. The Audit Committee ensures that the Chair of each other Committee with oversight of an applicable function is aware of the most recent risk assessment.

Our other standing Committees of the Board also consider and monitor risks within their applicable areas of responsibility. For example, the Compensation Committee reviews and discusses risks relating to the Company’s compensation programs, policies and practices, including executive compensation, and management presents and discusses a comprehensive compensation risk profile for the Company at least annually. Our Nominating, Corporate Governance and Social Responsibility Committee has primary responsibility for ESG- and sustainability-matters under its Charter, including the task of reviewing related policies and practices, as well as reports issued by the Company, such as its 2021 Corporate Sustainability Report issued in 2022, which are prepared by our Corporate Citizenship group under the direction of the Corporate Communications function. Our Chief Human Resources Officer presents a diversity and inclusion report to the Nominating, Corporate Governance and Social Responsibility Committee and other directors at least annually. Our Chief Strategy and Transformation Officer is charged with identifying and evaluating our environmental-related risks and exposures, including climate change- and sustainability-related risks, and devising and implementing strategies to advance the Company’s greenhouse gas and other emissions reduction goals and mitigate other climate-related risks. Our Chief Strategy and Transformation Officer reports to the Nominating, Corporate Governance and Social Responsibility Committee and other directors at least annually. Management also discusses U.S. and foreign legal, regulatory and client standards and requirements as they are proposed and enacted relating to quickly evolving ESG- and sustainability-related topics. These Committees keep the Audit Committee and the Board apprised of governance-, human capital-, ESG- and compensation-related risks.

Directors who are not members of a relevant Committee are invited to attend the meetings during which risk-related topics are discussed. A Committee may periodically request additional reports on critical risk areas identified by management, such as the FCPA and the UK Anti-Bribery Act of 2010 and privacy risks in the case of the Audit Committee and climate change, diversity and corporate citizenship in the case of the Nominating, Corporate Governance and Social Responsibility Committee.

## **CYBERSECURITY OVERSIGHT**

FTI Consulting analyzes and assesses information security risks, including cybersecurity risks, associated with our business on an ongoing basis. As part of our program, we routinely test our controls and information systems. We also provide information security training for our employees annually, conduct phishing simulations, and provide periodic cybersecurity communications to all employees. Our Chief Information Officer works closely with our Chief Compliance Officer to review and assess cybersecurity- and other information technology-related risks, mitigate exposures and resolve any incidents.

Our Board recognizes the importance of maintaining the trust and confidence of our clients, employees, directors and vendors with respect to our information security. Mr. Fanandakis received the CERT Certificate in Cybersecurity Oversight in 2023 from the Software Engineering Institute of Carnegie Mellon University.

The Audit Committee meets regularly with our Chief Technology Officer and management to review and oversee risk exposures related to information security, cybersecurity and data protection and the steps management has taken to monitor and control such exposures. This includes the Audit Committee’s review of training, risk assessments, internal controls, security software, incident response plans and forward-looking information security strategies. The Company also performs periodic cybersecurity assessments against nationally recognized industry standards.

The Company utilizes the expertise of third parties who are periodically engaged to prepare risk evaluations, evaluate risk events and impacts, and provide advice regarding plans, technology and actions that have been identified, procured or taken to reduce our risk

exposure, and to correct, rehabilitate or mitigate risks facing the Company. Our information technology, including cybersecurity-related systems are periodically audited by third parties, which in 2022 included audit of our HITRUST Common Security Framework by MARCUM/HITRUST, UK Cyber Essentials-Plus by IASME/SYNOVUM, Verizon's Cyber-risk Management Program by Verizon Business Services, SSAE 18 SOC2 Type 2 (Technology Practice/AWS environment by A-Lign, ISO 27001:2022 and ISO 27017:2015 by BSI Group. Additionally, the Company maintains an Information Security Management program aligned with ISO27001, 27002 Code of Practices and NIST Cybersecurity Framework. Our Chief Information Officer periodically apprises the Audit Committee of completed and pending audits and their findings, as well as the status of applicable certifications.

Our client-facing experts on cybersecurity and information security periodically address the Board regarding complex issues faced by other companies that stem from data-security-related challenges. Among other things, they discuss new and evolving types and levels of threats and attacks, hacking and ransomware, foreign actors, risks driven by new and evolving technologies, potential liability and technological and other solutions potentially available to mitigate such risks, and other possible company responses.

Additionally, our procedures require our Board to be notified of any material breach of our information systems. While the Company has experienced information security incidents and attacks, and expects that these will recur in the future, the company has not experienced any material cybersecurity or information security incidents or breaches.

### **COMPENSATION-RELATED RISKS**

At the request and direction of the Compensation Committee and the Audit Committee, management conducted an assessment of risks associated with the Company's compensation policies and practices for the year ended December 31, 2022. This assessment included the: (i) review of programs, plans, policies, procedures and practices relating to the components of executive officer and employee compensation; (ii) review of incentive-based equity and cash compensation; (iii) identification of compensation design features that could potentially encourage excessive or imprudent risk taking; (iv) identification of business risks that these features could potentially encourage; (v) consideration of the presence or absence of controls, oversight or other factors that mitigate potential risks; (vi) assessment of potential risks; and (vii) consideration of the potential for such risks to result in a material adverse effect on the Company and its subsidiaries, taken as a whole. Based on the assessment and factors described above, the Company determined that the risks associated with its compensation programs, policies and practices are not reasonably likely to result in a material adverse effect on the Company and its subsidiaries, taken as a whole.

### **BOARD AND COMMITTEE SELF-ASSESSMENTS**

The Nominating, Corporate Governance and Social Responsibility Committee, pursuant to the Nominating, Corporate Governance and Social Responsibility Committee Charter, is formally charged with administering the annual self-assessments by the Board and each Committee. During the first quarter of 2023, the Board and each Committee conducted annual self-assessments to identify issues critical to their success. All directors completed the assessments. The assessments were discussed by the Board and the Committees at a joint meeting held in February 2023, during which they discussed the results and provided thorough, objective feedback, which will be used to implement performance enhancements going forward.

### **CORPORATE SOCIAL RESPONSIBILITY OVERSIGHT**

The Nominating, Corporate Governance and Social Responsibility Committee, pursuant to the Nominating, Corporate Governance and Social Responsibility Committee Charter, is formally charged with oversight of corporate social responsibility and human capital matters, including those pertaining to ESG. The Company's Chief Human Resources Officer regularly reviews the Company's policies, practices and strategies addressing corporate citizenship and community engagement, periodically reports on environmental- and sustainability-related matters, including the Company's objectives and responses to climate change and the reduction of the Company's environmental footprint, including greenhouse and other emissions. The Nominating, Corporate Governance and Social Responsibility Committee provides feedback and direction on the Company's approach to these issues. It also reports on subjects of interest to the full Board and other interested Committees.

The Nominating, Corporate Governance and Social Responsibility Committee also reviews and discusses the Company’s annual corporate citizenship report, global human capital report, corporate sustainability report, and other reports and policies relating to ESG and sustainability published by the Company, which are available on the Company’s website under “About FTI — Governance” at <https://www.fticonsulting.com/about/governance> and at the below website links:

## SUCCESSION PLANNING

The Nominating, Corporate Governance and Social Responsibility Committee reviews succession and development plans with management. In 2019, the Nominating, Corporate Governance and Social Responsibility Committee established a process to plan for the succession of our CEO, which includes an annual discussion of potential in-house candidates identified by our CEO, a timeline for identification and selection of likely successors, and a timeline for identifying a successor in emergency circumstances. During 2022, the Nominating, Corporate Governance and Social Responsibility Committee, together with Company management, held discussions and identified several internal candidates who they believe are qualified to succeed our CEO.

## CORONAVIRUS DISEASE 2019 (COVID-19)

During 2022, the Board reviewed and discussed with management the impact of COVID-19 on the Company’s business, employees, clients and vendors, and our policies and practices to respond to, and mitigate, its impact. Among other things, the Board discussed the status of FTI Consulting’s return to work initiatives and practices. In addition, Board members discussed client protocols for performing services, visiting offices, attending meetings and functions, and traveling on business. They also discussed U.S. and foreign actions that could adversely impact litigation and regulatory proceedings and back to work initiatives or travel. The Board and management also discussed the emergence and possible future impact of, and governmental, geographic or other possible responses to, new COVID-19 variants, vaccines and vaccine hesitancy, and FTI Consulting policies relating to vaccination requirements and exceptions.

## CODE OF CONDUCT

Our written Code of Ethics and Business Conduct (“Code of Ethics”) and Anti-Corruption Policy (together with our Code of Ethics, our “Code of Conduct”) apply to financial professionals, including our Chief Financial Officer, corporate Controller and Chief Accounting Officer, and corporate Treasurer, as well as our CEO and all other officers, directors, employees and independent contractors of the Company and its affiliates. We require all individuals subject to our Code of Conduct to avoid conflicts of interest, comply with applicable laws (including the FCPA, other anti-bribery laws, and legal and regulatory requirements of the jurisdictions in which we have offices and/or conduct business), protect Company assets, conduct business in an honest and ethical manner, and otherwise act with integrity, in our best interests and in accordance with the Code of Conduct. The Code of Conduct prohibits insiders from knowingly taking advantage of corporate opportunities for personal benefit and taking unfair advantage of our business associates, competitors and employees through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other practice of unfair dealing. Our Code of Ethics and Anti-Corruption Policy are publicly available and can be found on the Company’s website under “About FTI — Governance” at <https://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/fti-code-of-conduct.pdf> and <https://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/anti-corruption-policy.pdf>, respectively. If we make any substantive amendments to the Code of

Ethics or grant any waiver, including any implicit waiver, from a provision of such policy to any officer, financial professional or person performing similar functions, or any director, we will disclose the nature of such amendment or waiver on our website within four business days following the date of the amendment or waiver or in a Current Report on Form 8-K filed with the SEC. Our Code of Ethics was last updated in February 2020.

## OTHER PROPOSALS TO BE PRESENTED AT THE ANNUAL MEETING OF SHAREHOLDERS

In addition to Proposal No. 1 to elect as directors the nine nominees named in this Proxy Statement, we will present the three additional proposals described below at the Annual Meeting. We have described in this Proxy Statement all the proposals that we expect will be made at the Annual Meeting. We do not know of any other matters to come before the Annual Meeting. If, however, any other matters properly come before the Annual Meeting, it is the intention of the persons designated as proxies to vote in accordance with their discretion on such matters as permitted under applicable law.

### **PROPOSAL NO. 2—RATIFY THE APPOINTMENT OF KPMG LLP AS FTI CONSULTING, INC.’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2023**

The firm of KPMG has served as the Company’s independent registered public accounting firm since 2006. KPMG has confirmed to the Audit Committee and the Company that it complies with all rules, standards and policies of the Public Company Accounting Oversight Board and the SEC governing auditor independence.

The Audit Committee has appointed KPMG as the independent registered public accounting firm to audit the Company’s books and accounts for the year ending December 31, 2023. We are seeking shareholder ratification of that action. Although shareholder ratification of the appointment of KPMG is not required, we are submitting the appointment of KPMG for ratification as a matter of good corporate governance. Even if the appointment is ratified, the Audit Committee, in its discretion, may appoint an alternative independent registered public accounting firm if it deems such action appropriate. If shareholders do not ratify KPMG’s appointment, the Audit Committee will take that into consideration, together with such other factors it deems relevant, in determining whether to continue KPMG’s engagement as independent registered public accounting firm for the year ending December 31, 2023.

KPMG’s representative will be present, in person or by conference telephone, at the Annual Meeting, and will have the opportunity to make a statement and to respond to appropriate questions from shareholders. See the section titled “Principal Accountant Fees and Services” on [page 88](#) of this Proxy Statement for a description of the services provided by, and fees paid to, KPMG for the fiscal years ended December 31, 2021 and December 31, 2022 and other matters relating to the procurement of services.

**Shareholder Approval Required.** The ratification of the appointment of KPMG as FTI Consulting, Inc.’s independent registered public accounting firm for the year ending December 31, 2023 requires a majority of the votes cast at the Annual Meeting on the proposal to be voted “**FOR**” this proposal. Abstentions will not be counted as votes cast either “FOR” or “AGAINST” Proposal No. 2 and will have no effect on the results of the vote on this proposal. We do not expect any broker non-votes on this proposal.

**The Board of Directors Unanimously Recommends That You Vote FOR Proposal No. 2.**

### PROPOSAL NO. 3—VOTE ON AN ADVISORY (NON-BINDING) RESOLUTION TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS FOR THE YEAR ENDED DECEMBER 31, 2022 AS DESCRIBED IN THE PROXY STATEMENT

Our shareholders have the opportunity to vote on an advisory (non-binding) resolution (“say-on-pay”) to approve the compensation of our NEOs identified in the section titled “Information about Our Executive Officers and Compensation — Compensation Discussion and Analysis — Named Executive Officers” for the year ended December 31, 2022 on [page 39](#) of this Proxy Statement. The Compensation Discussion and Analysis (“CD&A”) section beginning on [page 39](#) of this Proxy Statement describes the material elements of our NEO compensation policies and program, and the principles and objectives that informed our compensation decisions, for the year ended December 31, 2022.

We conduct continuous investor engagement and outreach throughout the year. [Page 46](#) of the CD&A describes our shareholder engagement and outreach, and [pages 52 through 65](#) of the CD&A describe the executive compensation program adopted by our Compensation Committee for 2022. In addition, the section of the CD&A titled “Information about Our Executive Officers and Compensation — Compensation Discussion and Analysis — What Guides Our Program — How We Make Compensation Decisions — Role of Peer Companies” beginning on [page 50](#) describes the peer group that we selected for the purpose of considering 2022 NEO compensation.

The design of our compensation program has remained consistent year-over-year. In February 2022, the Compensation Committee established the financial performance metrics governing annual incentive pay (“AIP”) and long-term incentive pay (“LTIP”) awards to the NEOs for the bonus year ended December 31, 2022. During 2022, the Compensation Committee did not modify such AIP and LTIP performance metrics or the individual pay opportunities due to the COVID-19 pandemic. When making compensation decisions for 2022, the Compensation Committee considered the significant efforts of the NEOs to deliver solid financial results while successfully navigating a period of change and volatility as a result of economic and financial conditions beyond their control, including inflation and the lingering effects of COVID-19 and the emergence of new variants, as well as management’s ability to meet the evolving needs of our clients, employees and shareholders. Our NEOs’ 2022 compensation program has been designed to:

- **PROVIDE** our NEOs with competitive total pay opportunities to retain, motivate and attract talented executive officers.
- **MAINTAIN** continuity of executive management by delivering opportunities for our CEO and other NEOs to earn competitive compensation.
- Structure our executive compensation program to **ALIGN THE INTERESTS** of our CEO and other NEOs with those of our **shareholders** by encouraging solid corporate growth and the prudent management of risks and rewards.
- **BALANCE** the emphasis on short-term and long-term compensation opportunities, focusing on the attainment of financial and strategic goals that contribute to the creation of shareholder value.
- Place a significant percentage of each NEO’s total compensation opportunity **AT-RISK** and subject to the attainment of financial goals that drive or measure the creation of shareholder value.
- **Pay-for-PERFORMANCE.**
- Manage our executive compensation program **CONSISTENTLY** among our CEO and other participating NEOs.
- **Limit** perquisites and other non-performance-based entitlements.

The say-on-pay vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs for 2022 as described in this Proxy Statement.

The say-on-pay vote being presented pursuant to Section 14A of the Exchange Act is advisory and not binding on the Company, the Compensation Committee or the Board. Although the vote is non-binding, the Committee will review the voting results in connection with its ongoing evaluation of the Company’s executive compensation program, principles and objectives.

We seek the advisory vote of our shareholders on say-on-pay annually.

At the Annual Meeting, the Company will hold the advisory (non-binding) vote of shareholders on the frequency of say-on-pay votes (as discussed in Proposal No. 4, below). The next advisory (non-binding) vote on say-on-pay will be held at the annual meeting of shareholders held in 2024, unless the Company announces otherwise following the Board’s consideration of the advisory (non-binding) vote of shareholders on the frequency of the say-on-pay vote provided in Proposal No. 4.

We believe that the information provided in this Proxy Statement demonstrates our commitment and the commitment of our Compensation Committee to our pay-for-performance philosophy. The Board recommends that you approve the 2022 compensation of our NEOs for the year ended December 31, 2022 as described in the Proxy Statement by approving the following advisory (non-binding) resolution:

**“RESOLVED, that the shareholders approve, on an advisory (non-binding) basis, the compensation of the Company’s named executive officers for the year ended December 31, 2022 as described in the Proxy Statement for the 2023 Annual Meeting of Shareholders.”**

***Shareholder Approval Required.*** The approval of the advisory (non-binding) resolution approving the compensation of our NEOs for the year ended December 31, 2022 as described in this Proxy Statement requires a majority of the votes cast on this proposal at the Annual Meeting to be voted **“FOR”** this proposal. Abstentions and broker non-votes will not be counted as votes cast either **“FOR”** or **“AGAINST”** Proposal No. 3 and will have no effect on the results of the vote on this proposal.

**The Board of Directors Unanimously Recommends That You Vote FOR Proposal No. 3.**

**PROPOSAL NO. 4—ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF ADVISORY (NON-BINDING) VOTES ON EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

As described in Proposal No. 3 above, in accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our shareholders have the opportunity to cast an advisory (non-binding) vote to approve the compensation of our NEOs. This Proposal No. 4 affords shareholders the opportunity to cast an advisory (non-binding) vote on how often we should include a say-on-pay proposal in our proxy materials for future annual shareholder meetings or any special shareholder meeting for which we must include executive compensation information in the proxy statement for that meeting (a “say-on-pay frequency proposal”). In accordance with applicable law, shareholders must be afforded this opportunity at least once every six years. Under this Proposal No. 4, shareholders may vote to have the say-on-pay vote every year, every two years or every three years or may abstain.

Our shareholders voted on a similar proposal in 2017 with the majority voting to hold the say-on-pay vote every year. After consideration of our shareholders’ advisory (non-binding) vote in favor of conducting an annual advisory (non-binding) vote to approve our executive compensation in 2017, the Board adopted an annual shareholder advisory (non-binding) vote on executive compensation and has held an annual advisory (non-binding) vote on the executive compensation of named executive officers since then. We continue to believe that say-on-pay votes should be conducted every year so that our shareholders may annually express their views on our executive compensation programs. It is expected that the next vote on a say-on-pay frequency proposal will occur at the 2029 annual meeting of shareholders.

As an advisory vote, this say-on-pay frequency proposal is not binding on the Company, the Board or the Compensation Committee. However, the Compensation Committee and the Board value the opinions expressed by our shareholders in their votes on this proposal and will consider the outcome of the vote when making future decisions regarding the frequency of conducting a say-on-pay vote.

**Shareholder Vote Required.** We will consider the option that receives the affirmative vote of a majority of the votes cast on this proposal at the Annual Meeting as the frequency choice of the shareholders. In the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option selected by shareholders. Because this say-on-pay frequency proposal is advisory, it will not be binding. Abstentions and broker non-votes will not be counted as votes cast with respect to Proposal No. 4 and will have no effect on the results of the vote on this proposal.

**The Board of Directors Unanimously Recommends That You Vote on Proposal No. 4. to Hold Advisory (Non-Binding) Votes on Executive Compensation of Our Named Executive Officers Every One Year.**

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

There were 33,983,032 shares of our Common Stock issued and outstanding as of the close of business on the Record Date. The following table shows the beneficial ownership of our Common Stock by:

- each of the NEOs named in this Proxy Statement;
- each person known by us to own beneficially more than 5% of our outstanding shares of Common Stock;
- each of our directors and director nominees; and
- all of our executive officers and directors as a group.

For the executive officers, directors and director nominees, the beneficial ownership information is presented as of the close of business on the Record Date, except as otherwise noted. For the shareholders who own beneficially more than 5% of our outstanding shares of Common Stock, the information is presented as of the date of the most recent Schedule 13G/A filed by each such shareholder with the SEC as of the date of this Proxy Statement.

The amounts and percentages of shares of Common Stock beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a “beneficial owner” of a security if that person has or shares voting power or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities with respect to which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person’s ownership percentage but not for purposes of computing any other person’s percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of Common Stock and has not pledged any of our securities to secure or serve as collateral for any indebtedness or other obligations.

## Our Commitment to Sustainable Growth

2022 was another great year for FTI Consulting, which we believe is further confirmation of the *fundamental strength of this Company: the unrelenting commitment of our people day after day to build their businesses in ways that allow us to help our clients navigate their most significant opportunities and challenges.*

Sustainable growth in professional services results from attracting, developing and promoting great professionals with ambitions to grow their businesses. Over the last several years, our financial results have shown that if we do the right things for our business over any medium-term period, even though market conditions and quarterly results can fluctuate, through those efforts we can build a powerful growth engine.

This focus means not overreacting to temporary factors that are out of management's control and being willing to support our strong segments, practices and professionals in the face of short-term market headwinds because we believe over any multi-year period, the financial performance of great professional services firms is dictated by the components of the business that *can be influenced by management*, such as:

- **Promoting, developing and attracting talented professionals** who can strengthen and build leading positions in areas of critical client needs.
- **Investing EBITDA** behind key growth areas in which we have a right to win.
- Leveraging investments to build positions that will support **profitable growth on a sustained basis** through a variety of economic conditions.
- Actively evaluating and considering opportunistic acquisitions but committing on a day-in, day-out basis to **growth by organic means**.
- **Maintaining a strong balance sheet** and committing to using our robust cash flow generation to enhance shareholder returns.
- **Creating a diverse, inclusive and high-performing culture** where our professionals can grow their career and achieve their full potential.
- **Being a responsible corporate citizen** that drives positive change in the communities in which we do business.

We believe if we continue to have the confidence to not overreact to short-term factors, over the medium term, we will build businesses that great people want to be a part of — segments and practices that attract talented people, that support their ambitions and foster their professional development and that allow them to build positions and client relationships that, through the short-term headwinds and tailwinds, become sustainable, powerful, durable and resilient growth engines.

## Our Strategy in Action – A Powerful Platform for Sustainable Growth

### Focus on Profitable Growth

### Robust Earnings Growth

### Strong Balance Sheet and Disciplined Approach to Capital Allocation

Committed to using our robust cash flow generation to enhance shareholder returns

<sup>(1)</sup> See [Appendix A](#) for the definitions of Adjusted EBITDA, Adjusted EPS, organic revenue growth and other non-GAAP financial measures used for financial reporting purposes referred to in this CD&A and the reconciliations of non-GAAP financial measures to the most directly comparable GAAP financial measures. See the section of this CD&A titled “— 2022 Pay Outcomes — 2022 Annual Incentive Pay — Financial Metrics” beginning on [page 55](#) and [Appendix B](#) for the definitions of similarly named non-GAAP financial measures for determining 2022 AIP of our NEOs and the reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measures. The Compensation Committee did not exercise its discretion to further adjust the Adjusted EBITDA and Adjusted EPS performance metrics for financial reporting purposes defined in [Appendix A](#) to determine 2022 AIP.

## Our Disciplined Approach to Capital Allocation

In 2014, FTI Consulting's Board of Directors appointed Steven Gunby as the firm's President & Chief Executive Officer. The selection of Steven Gunby by the Board was driven by many factors, including, most critical, **the Board's view that organic growth is the best path to achieve sustainable growth in professional services.**

FTI Consulting's management team, together with its Board of Directors, has made a **commitment to grow, first and foremost, by organic means.** Our commitment to this strategy has driven sustained growth: **the Company has averaged double-digit organic revenue growth over the last five years and has delivered Adjusted EPS growth for eight consecutive years.**

Given our commitment to grow by organic means on a day-in, day-out basis, **management and the Board take a very disciplined approach to acquisitions**, which is informed by the following characteristics:

- **Buy versus build:** We look at the cost of an acquisition versus the cost to grow organically by attracting, developing and retaining the best professionals in the market.
- **Focus on revenue metrics:** We are focused on revenue metrics versus "adjusted" non-GAAP financial metrics.
- **Cash-on-cash return:** We look at the cash-on-cash return over a defined payback period.
- **Our approach to earn-outs:** We have committed to paying less up front and offering more performance-based incentives over time, even if it negatively impacts our earnings in the short term.
- **Alignment and sponsorship:** Acquisitions are difficult, and they are even more difficult in professional services, because the assets you are acquiring walk in and out of the door every day. Therefore, we look at alignment with the target by developing relationships and committing to sponsorship among management to support the successful integration and growth of the acquired business.

Moreover, the Board's discipline extends beyond capital intensity, as demonstrated by the Compensation Committee's authority to use discretion with NEO compensation for individual performance, as well as in the definitions of Adjusted EPS and Adjusted EBITDA for compensation purposes. In fact, the definitions of our Adjusted EPS and Adjusted EBITDA financial metrics for AIP clearly state that the Compensation Committee has the discretion to exclude operating results of businesses discontinued, sold or acquired, among other items.

## Strong Track Record of Delivering Enhanced Shareholder Returns

The strength of our financial performance and strategic accomplishments over the past five years is reflected in our total shareholder return ("TSR"). The following graph compares the annual TSR for the five-year period ended December 31, 2022, of FTI Consulting's common stock, par value \$0.01 per share ("Common Stock"), with the Standard & Poor's 500® (the "S&P 500") Stock Index, assuming an investment of \$100.00 on December 31, 2017 for such fiscal years ended December 31 in the S&P 500, including reinvestment of dividends. As of December 31, 2022, such initial \$100.00 investment in the Company's Common Stock and the S&P 500 Index would have been valued at \$369.65 per share and \$156.89 per share, respectively.

The Compensation Committee continues to refine our executive compensation program to align with evolving competitive and governance practices, respond to feedback from our shareholders and strengthen the link to performance and the rigor of our program. This includes the following key principles:

The CD&A provides detailed quantitative and qualitative disclosures to support the individual performance component of our AIP opportunity for our CEO and other NEOs.
- **PERFORMANCE-BASED EQUITY AWARDS:** Percentage of performance-based restricted stock units (“Performance RSU”) in the long-term incentive pay (“LTIP”) opportunity to our CEO and other NEOs is 66.7% and 60.0%, respectively, in 2022, with the balance in awards of shares of restricted stock (“RSA”).

### 2022 Shareholder Engagement and Outreach

#### Most Recent Say-on-Pay Vote Results

At our annual meeting of shareholders on June 1, 2022 (the “2022 Annual Meeting”), our shareholders expressed support for our executive compensation program with approximately **86%** of the votes cast in favor of our say-on-pay proposal approving NEO compensation for the year ended December 31, 2021. Our 2022 compensation decisions were informed by shareholder outreach discussions conducted in late 2021 and early 2022, through which we were able to have dialogue with non-executive shareholders representing approximately **55%** of our outstanding shares. These discussions reinforced our belief that the changes we have adopted over the past several years were responsive to our shareholders’ feedback. See the section of this CD&A titled “— What Guides Our Program — Compensation Philosophy” and “— What Guides Our Program — How We Make Compensation Decisions — The Decision-Making Process” for a discussion of our guiding compensation principles on [pages 47](#) and [page 48](#), respectively.

Following our 2022 Annual Meeting, feedback on the compensation changes we enacted over the past several years was positive. We continued to reach out to our top 20 non-executive shareholders throughout 2022, representing an aggregate of approximately **60%** of our outstanding shares of Common Stock as of December 31, 2022, to offer them one-on-one meetings where we discussed key topics, including our executive compensation program, equity compensation, disclosure, peer group selection, and environmental, social and governance (“ESG”)-related topics. See the section of this CD&A titled “— What Guides Our Program — Compensation Philosophy” and “— What Guides Our Program — How We Make Compensation Decisions — Role of Peer Companies” for a discussion of our guiding compensation principles and our peer group on [page 47](#) and [pages 50](#) through [51](#), respectively.

## Compensation Governance Practices

Our executive compensation program is directed by our independent Compensation Committee. In addition to designing an executive compensation program that incentivizes long-term value creation, our program is contingent on achieving specific financial goals, and our compensation practices include a number of key features highlighted below:

- ✓ Pay-for-performance — with approximately 88.9% of compensation at-risk for our CEO and 66.7% at-risk for our other NEOs in 2022.
- ✓ Appropriate balance between short-term and long-term pay.
- ✓ Robust stock ownership requirements: *For 2022, five times (5.0x) annual cash base salary for our CEO, **increasing to seven times (7.0x) annual cash base salary beginning in 2023**, and for 2022, one times (1.0x) annual cash base salary for our other NEOs, **increasing to three times (3.0x) annual cash base salary beginning in 2023**.*
- ✓ No automatic acceleration of equity awards on a “Change in Control” (as defined in the applicable employee equity compensation plan).
- ✓ Anti-hedging and pledging policies.
- ✓ Robust clawback policy on incentive pay.
- ✓ Use of independent consultant to advise Compensation Committee.

## What Guides Our Program

### Compensation Philosophy

Our Compensation Committee strongly believes that NEO compensation — both pay opportunities and pay realized — should be linked with the Company’s operational performance and the creation of shareholder value. Our Compensation Committee designs our executive compensation program to accomplish our goals of:

- **ATTRACTING** executive officer candidates with competitive compensation opportunities that are appropriate for our business, size and geographic diversity.
- **MAINTAINING CONTINUITY** of executive management by delivering opportunities for our NEOs to earn competitive compensation.
- Structuring our executive compensation program to **ALIGN THE INTERESTS** of our NEOs with those of our shareholders by encouraging solid corporate growth and the prudent management of risks and rewards.
- **BALANCING** the emphasis on short-term and long-term compensation opportunities, focusing on the attainment of financial and strategic goals that contribute to the creation of shareholder value.
- Placing a significant percentage of each NEO’s total compensation opportunity **AT-RISK** and subject to the attainment of financial- or market-based goals that drive or measure the creation of shareholder value.
- Paying for **PERFORMANCE**.
- Managing our executive compensation program for our non-CEO executives **CONSISTENTLY** among our participating NEOs.
- **LIMITING PERQUISITES** and other non-performance-based entitlements.

## How We Make Compensation Decisions

### The Decision-Making Process

The below diagram illustrates the continuous process that is followed to establish our executive compensation program, which aligns our NEOs' interests with the interests of our shareholders by incentivizing shareholder value creation through challenging goals.

QUARTERLY	SECOND AND/OR THIRD QUARTERS	FOURTH QUARTER	FIRST QUARTER

## Role of Compensation Committee

The Compensation Committee oversees the executive compensation program for our NEOs. The Compensation Committee is composed of independent, non-employee members of the Company's Board of Directors (the "Board"). The Compensation Committee works very closely with its independent advisers and management to examine the effectiveness of the Company's executive compensation program throughout the year. Details of the Committee's authority and responsibilities are specified in the Compensation Committee Charter, which may be accessed on the Company's website under "About FTI — Governance" and at <https://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/charter-of-the-compensation-committee-of-the-board-of-directors.pdf>.

## Role of Management

The Compensation Committee and the Board solicit recommendations from our CEO and other officers regarding compensation matters, including the compensation of executive officers and key employees other than our CEO. They assist the Compensation Committee by providing information such as financial results, short-term and long-term business and financial plans, and strategic objectives, as well as their views on compensation programs and levels. Our CEO attended all Compensation Committee meetings held during 2022, other than meetings and executive sessions to which he was not invited. Our CEO did not participate in the Compensation Committee discussions regarding his individual performance and final annual compensation. Only members of the Compensation Committee vote on matters before that Committee.

## Role of the Compensation Advisers

Under the Compensation Committee Charter, the Compensation Committee is authorized to select, retain and direct the activities, and terminate the services, of compensation advisers, as well as approve fees and expenses of such advisers. During 2022, the Compensation Committee retained the services of Pearl Meyer & Partners, LLC ("Pearl Meyer") to provide advice to the Compensation Committee on certain executive compensation matters. In addition, during 2022, the Compensation Committee consulted Dechert LLP ("Dechert") on certain legal aspects of executive officer compensation. During 2022, the Compensation Committee requested advice on a variety of issues from Pearl Meyer, including our annual and long-term executive incentive compensation program structures and performance metrics, CEO pay-for-performance, non-employee director compensation, the voting policies of proxy advisers and the composition of our compensation peer group, as well as our say-on-pay proposal and other compensation disclosures included in our proxy statement for our 2022 Annual Meeting. Neither Pearl Meyer nor the Company provided any services to the other during 2022, apart from the advisory services provided by Pearl Meyer to the Compensation Committee. Dechert provided services to the Company as outside executive compensation counsel. In such capacity, Dechert advised the Company regarding general governance inquiries related to executive compensation matters, periodic securities law advice regarding equity grant practices and employment matters, periodic tax advice relating to non-qualified deferred compensation and equity grants, and general advice regarding our say-on-pay proposal and other compensation disclosures in our proxy statement for our 2022 Annual Meeting. The Company routinely is engaged by Dechert to provide services to it or its clients in the ordinary course of our business. After consideration of the above factors, including any relationships with any Compensation Committee member or executive officer of the Company, if applicable, as well as information supplied by Pearl Meyer, including its independence letter, the Compensation Committee concluded that Pearl Meyer was independent and not subject to any conflicts of interest when providing services to the Compensation Committee. After considering Dechert's relationships with the Company and its subsidiaries, and Dechert's conflicts of interest policy and practices, the Compensation Committee concluded that Dechert is not independent but determined that it offers unique, well-rounded perspectives on our executive officer compensation and other matters, and the legal advice it provides is aligned with the interests of the Company. The Compensation Committee currently intends to continue to consult with Pearl Meyer and applicable outside counsel on executive officer compensation and other matters from time to time. Payments to Pearl Meyer did not exceed \$120,000 for 2022.

## Role of Peer Companies

The Compensation Committee periodically reviews various data sources to understand the competitive pay environment. One such data source is a custom peer group of publicly traded companies. The Compensation Committee determined that the development of a peer group and the related competitive market analysis would occur every other year and for 2022 and 2023 the applicable analysis was conducted in June 2021:

Peer Group Development and Pay Study Conducted during	Informs NEO Pay Decisions with Respect to the Following Years	Process and Outcome Disclosed in the Following Years
2021	2022 and 2023	2023 and 2024

Accordingly, 2022 executive compensation decisions were informed by a competitive market analysis conducted by the Compensation Committee’s independent compensation adviser, Pearl Meyer, during 2021 using an updated peer group that was also recommended by Pearl Meyer and approved by the Compensation Committee in 2021.

Regarding the executive compensation peer group, the following companies that were included in the previous peer group prior to 2021 have been acquired and, therefore, no longer qualify for inclusion in the final group of companies selected as FTI Consulting’s executive compensation peer group in June 2021 (the “2021 Peer Group”): Eaton Vance Corp., Legg Mason, Inc. and Navigant Consulting, Inc. In addition to the above changes, Pearl Meyer recommended and the Compensation Committee approved the following changes to the 2021 Peer Group:

Removed	Added
Greenhill & Co., Inc.	Booz Allen Hamilton Holding Corporation
Oppenheimer Holdings, Inc.	Exponent, Inc.
Piper Sandler Companies	ICF International, Inc.
	Jefferies Financial Group, Inc.
	LPL Financial Holdings, Inc.

The following companies constitute the 2021 Peer Group that was used for the 2021 competitive market study and to inform 2022 and 2023 NEO compensation decisions:

Affiliated Managers Group, Inc.	Franklin Resources, Inc.	Lazard Ltd.
Artisan Partners Asset Management Inc.	Houlihan Lokey, Inc.	LPL Financial Holdings, Inc.
Booz Allen Hamilton Holding Corporation	Huron Consulting Group, Inc.	Moelis & Co.
CRA International, Inc.	ICF International, Inc.	PJT Partners, Inc.
Evercore Inc.	Invesco Ltd.	Stifel Financial Corp.
Exponent, Inc.	Jefferies Financial Group, Inc.	T. Rowe Price Group, Inc.

While developing the peer group, Pearl Meyer and the Committee reviewed and considered a variety of factors, including the following:

- **Data Availability:** publicly traded companies with fulsome pay disclosures in the U.S.
- **Industry Relevance:** expert consulting, professional services and financial services
- **Size Relevance:** revenue, earnings before taxes, number of employees
- **Valuation Characteristics:** market cap, P/E ratio
- **Peer Group Overlap:** companies that disclose FTI Consulting as a peer; companies included by third parties as “peers” for FTI Consulting

The below chart ranks the Company as compared with the 2021 Peer Group by revenues and market capitalization as of April 30, 2021.

### FTI Consulting vs. 2021 Peer Group <sup>(1)</sup>

<sup>(1)</sup> Reflects trailing 12-month revenues (LTM) as of April 30, 2021 (the year in which the 2021 Peer Group was developed).

The Compensation Committee will continue to use a variety of sources, including compensation surveys and Peer Company data, to establish market practices and will consider this data when assessing the competitiveness of the Company's executive compensation. Although the type of review may change over time, the Compensation Committee generally reviews salaries, annual incentives, long-term incentives, incentive designs, severance practices, change in control practices, employment contract provisions and other pay features as needed to assess the Company's pay programs and ensure they support the Company's strategic objectives and remain competitive with the market.

When setting 2022 CEO compensation, the Compensation Committee continued to reference the 2021 Peer Group and study results through April 2021, which included the findings that the elements of our executive compensation program were substantially consistent with those offered by such peers. Our CEO's total compensation for 2022 ranked between the 25<sup>th</sup> and 50<sup>th</sup> percentiles as compared with the 2021 Peer Group and our other NEO's total compensation for 2022 ranked below the 25<sup>th</sup> percentile as compared with the 2021 Peer Group.

Regarding 2022 NEO compensation decisions, the Compensation Committee did not rely solely on data from the competitive market analysis of the 2021 Peer Group that was performed in 2021. Furthermore, the Compensation Committee does not target a specific competitive position versus the market in determining the compensation of such other NEOs. The Compensation Committee believes that, because of the Company's diverse mix of services, strictly benchmarking against the 2021 Peer Group would not provide a meaningful basis for establishing compensation. While the Compensation Committee believes the data from the 2021 competitive market analysis of the 2021 Peer Group is helpful in assessing our competitive position, it also considers a variety of other factors when making pay decisions, including overall company performance, individual NEO performance and internal equity among each of the NEOs.

The Compensation Committee will continue to periodically consider the executive compensation information of its self-selected peer companies, as well as competitor pay, alongside our pay-for-performance and long-term value creation objectives, in determining the compensation for our executive officers that best aligns compensation and shareholder interests in the future.

## Executive Compensation Program

### Components of Compensation

Our executive compensation program is comprised of three primary elements: annual base salary, AIP and LTIP. Each element is structured to complement one another and establish a balanced pay-for-performance structure, which aligns with our pay-for-performance compensation philosophy:

	PAY COMPONENT	RATIONALE
Annual	Base Salary	<ul style="list-style-type: none"> <li>Attracts and retains qualified talent</li> <li>Fairly compensates the executive based on experience, skills, responsibilities and abilities</li> <li>Provides only fixed source of cash compensation</li> </ul>
	AIP Opportunity	<ul style="list-style-type: none"> <li>Motivates and rewards executive to achieve key financial and individual objectives</li> <li>Aligns executive and shareholder interests through performance measures that contribute to shareholder value creation</li> <li>Measures executive performance on accomplishment of pre-established strategic objectives</li> </ul>
Long Term	Performance RSU Opportunity	<ul style="list-style-type: none"> <li>Incentivizes and rewards for strong market performance as measured over a three-year period</li> <li>Three-year performance measurement period supports our leadership retention/stability objectives</li> </ul>
	RSA	<ul style="list-style-type: none"> <li>Aligns interest of the executive with those of shareholders and provides a direct link to growth in shareholder value</li> <li>Three-year vesting period supports our leadership retention/stability objectives</li> </ul>

### 2022 Compensation Mix

Executive compensation is strongly linked to the financial and operational performance, as well as the stock performance, of the Company. The charts below describe the mix of 2022 target compensation and illustrate that our 2022 executive compensation program balances fixed and at-risk pay, with **88.9%** of our CEO's target annual total compensation at-risk and **66.7%** of our other NEOs' target annual total compensation at-risk:

#### 2022 CEO's Compensation at Target

## 2022 Pay Outcomes

### Annual Cash Base Salary

Generally, the Compensation Committee considers annual cash base salary adjustments for the NEOs on a biannual basis. Each NEO is paid an annual cash base salary in order to fairly compensate the executive based on his or her experience, skills, responsibilities and abilities. The Compensation Committee increased the annual cash base salaries of the NEOs (other than the CEO) from \$600,000 set in 2020 to \$700,000 in 2022 to reflect this biannual adjustment as compensation for their responsibilities managing a larger and more geographically diverse company in a challenging business environment due to COVID-19 and related factors, with added complexities relating to matters such as cybersecurity, climate change and other ESG- and sustainability-related issues, diversity & inclusion, enterprise risks, financial and information technology systems, geographic expansion, headcount growth and other day-to-day management concerns. The Compensation Committee also considered external market data from its independent compensation adviser. See the section titled “Information about Our Executive Officers and Compensation — Summary Compensation Table” beginning on [page 70](#) of this Proxy Statement for additional information regarding our CEO’s and other NEOs’ annual cash base salaries and other compensation for the year ended December 31, 2022.

### 2022 Annual Incentive Pay

#### Program Design

Our 2022 AIP is an annual incentive program that rewards our NEOs for achieving key annual non-GAAP financial metrics and individual performance objectives. The metrics and targets that the Compensation Committee selected for 2022 tie directly to our operational and strategic goals. The objectives and rationale for selecting the AIP performance metrics for the year ended December 31, 2022 were as follows:

#### AIP PROGRAM DESIGN — CEO

PERFORMANCE METRICS	OPERATIONAL OR STRATEGIC OBJECTIVES	RATIONALE FOR USING PERFORMANCE METRIC	% OF TOTAL AIP OPPORTUNITY BASED ON PERFORMANCE METRICS	TARGET AIP OPPORTUNITY AS % OF ANNUAL CASH BASE SALARY
<b>Adjusted EBITDA</b>	Deliver Adjusted EBITDA growth	Measures the Company’s operating performance, excluding the impact of certain items <sup>(1)</sup>	37.5%	
<b>Adjusted EPS</b>	Deliver Adjusted EPS growth	Measures the Company’s ability to generate income per share, excluding the impact of certain items, which is indicative of shareholder value <sup>(1)</sup>	37.5%	200.0%
<b>Individual Performance</b>	Incentivize executives to achieve pre-established short-term and long-term strategic and business objectives	Measures CEO success	25.0%	

## AIP PROGRAM DESIGN — OTHER NEOS

PERFORMANCE METRICS	OPERATIONAL OR STRATEGIC OBJECTIVES	RATIONALE FOR USING PERFORMANCE METRIC	% OF TOTAL AIP OPPORTUNITY BASED ON PERFORMANCE METRICS	TARGET AIP OPPORTUNITY AS % OF ANNUAL CASH BASE SALARY
<b>Adjusted EBITDA</b>	Deliver Adjusted EBITDA growth	Measures the Company's operating performance, excluding the impact of certain items <sup>(1)</sup>	<b>33.3%</b>	
<b>Adjusted EPS</b>	Deliver Adjusted EPS growth	Measures the Company's ability to generate income per share, excluding the impact of certain items, which is indicative of shareholder value <sup>(1)</sup>	<b>33.3%</b>	<b>100.0%</b>
<b>Individual Performance</b>	Incentivize executives to achieve pre-established short-term and long-term strategic and business objectives	Measures individual NEO success	<b>33.4%</b>	

<sup>(1)</sup> See the section of this CD&A titled “— 2022 Pay Outcomes — 2022 Annual Incentive Pay — Financial Metrics” beginning on [page 55](#) and [Appendix B](#) for the definitions of similarly named non-GAAP financial measures for determining 2022 AIP and the reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measures. The Compensation Committee did not exercise its discretion to further adjust the Adjusted EBITDA and Adjusted EPS performance metrics for financial reporting purposes defined in [Appendix A](#) to determine 2022 AIP.

## Process and Setting of 2022 AIP Financial and Individual Performance Metrics

During the first quarter of 2022, the Compensation Committee set the target for each of the financial metrics applicable to all NEOs and outlined the key individual performance goals for our CEO for the 2022 bonus year. For other NEOs, the CEO established their individual performance goals in consultation with them and with the direction of the Compensation Committee.

The financial metrics were set taking into account the Company's strategic initiatives, historical financial performance, internal budgeting for the relevant year, external guidance and expected market conditions.

### *Financial Metrics*

During the first quarter of 2022, the Compensation Committee set the target for the financial metrics of Adjusted EBITDA and Adjusted EPS and outlined the key individual performance goals for our CEO for the 2022 bonus year. For other NEOs, the CEO established their individual performance goals in consultation with them and with the direction of the Compensation Committee. The financial metrics were set taking into account the Company's strategic initiatives, historical financial performance, internal budgeting for the relevant year, external guidance, and expected business and market conditions. The Compensation Committee did not modify the financial metrics established in February 2022 for the impact of the COVID-19 pandemic on the Company when awarding 2022 AIP paid in March 2023. See [Appendix B](#) for the definitions of Adjusted EBITDA and Adjusted EPS, non-GAAP financial measures used for determining 2022 AIP, and the reconciliations of such non-GAAP financial measures to the most directly comparable GAAP financial measures. The Compensation Committee did not exercise its discretion to further adjust the Adjusted EBITDA and Adjusted EPS performance metrics for financial reporting purposes as defined in [Appendix A](#) to determine 2022 AIP. The Compensation Committee believes that the financial metrics and AIP opportunities set by the Compensation Committee for 2022 focused the NEOs' attention on factors that drive business growth and shareholder value during a challenging business environment.

The 2022 target for Adjusted EBITDA of \$356.1 million was set above the actual Adjusted EBITDA of \$354.0 million reported by the Company for the year ended December 31, 2021 and was set at the same time as the 2022 target for Adjusted EPS. The threshold and maximum Adjusted EBITDA metrics were set at 20% below and above the target at \$284.9 million and \$427.3 million, respectively.

The 2022 target for Adjusted EPS of \$6.80 was set above the actual Adjusted EPS of \$6.76 reported by the Company for the year ended December 31, 2021. The 2022 target for Adjusted EPS was established at the midpoint of the external guidance range announced by the Company on February 24, 2022. The threshold and maximum Adjusted EPS metrics were set at 20% below and above the target at \$5.44 and \$8.16, respectively.

For purposes of determining 2022 AIP, the financial metrics of Adjusted EBITDA and Adjusted EPS are defined consistently with the definitions of similarly titled financial measures that are considered non-GAAP reported in the Company's annual report on Form 10-K filed with the U.S. Securities and Exchange Commission (the "SEC") for the year ended December 31, 2022, subject to further adjustments as follows:

- We define Adjusted EBITDA, which is a non-GAAP financial measure, as consolidated net income before income tax provision, other non-operating income (expense), depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, gain or loss on sale of a business and losses on early extinguishment of debt, subject to further adjustments, in the sole discretion of the Compensation Committee, to exclude: (1) operating results including costs and expenses of operations (including minority interest) discontinued, sold or acquired; (2) the impact of foreign exchange rates different from budget (i.e. – constant currency costs); (3) costs and expenses related to financing activity and gains or losses related to financing activity; (4) unplanned severance costs; and (5) litigation settlements and costs.
- We define Adjusted EPS, a non-GAAP financial measure, as earnings per diluted share, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, losses on early extinguishment of debt, non-cash interest expense on convertible notes and the gain or loss on sale of a business, subject to further adjustments, in the sole discretion of the Compensation Committee, to: (1) exclude operating results including costs and expenses of operations (including minority interest) discontinued, sold or acquired; (2) exclude the impact of foreign exchange rates different from budget (i.e. – constant currency costs); (3) exclude costs and expenses related to financing activity and gains or losses related to financing activity; (4) exclude unplanned severance costs; (5) exclude litigation settlements and costs; (6) exclude any gain or loss reflected in the Company's Consolidated Statement of Income as a result of any sale or other disposition of any business or business segment of the Company in part or in its entirety completed in 2022, to the extent that

such gain or loss is not already excluded from Adjusted EPS; and (7) include, in the event of a sale or disposition of part of any business or business segment of the Company completed in 2022, the minority interest of such business or business segment subsequent to the closing of the sale or disposition. In the event of any sale or other disposition of any business or business segment of the Company in its entirety completed in 2022, the Adjusted EPS performance metrics may be reduced by an amount equal to the budgeted operating income for such business or business segment for the portion of 2022 subsequent to the closing of such transaction.

At the time, the Company's initial full-year guidance was provided on February 24, 2022, the 2022 AIP financial performance metrics set by the Compensation Committee were informed by:

- **An expectation for aggressive hiring and increased wage pressure.** The expectation to invest in growth through aggressive hiring globally coupled with increasing pressure on wages.
- **An expectation that restructuring activity would only improve moderately over the course of 2022.** The expectation for modest growth in our Restructuring practice within our Corporate Finance & Restructuring ("Corporate Finance") segment, which is our highest-margin business.
- **A continuation of strong Mergers & Acquisition ("M&A") activity.** The expectation for a continuation of a robust M&A market, which drives demand for M&A-related Antitrust services in our Economic Consulting segment, "Second Request" services in our Technology segment and our Transactions services in our Corporate Finance segment.
- **A rebound in demand for services in our Forensic and Litigation Consulting ("FLC") segment.** The expectation that we would have a rebound in demand for our FLC services, as demand for those services weakened over the course of 2021.
- **An expectation for higher Sales, General and Administrative ("SG&A") expenses.** In 2021, certain aspects of SG&A such as travel and entertainment remained depressed due to the pandemic. Our expectation was that in 2022, SG&A would revert back closer to the per person levels we saw in 2019.
- **An expectation for a higher effective tax rate in 2022.** At the time of the initial announcement of full-year guidance on February 24, 2022, the Company expected our full year 2022 tax rate to range between 22.0% and 25.0%, which compared with 21.1% in 2021.

#### *Individual Performance Metrics*

For 2022 AIP, 25% of the CEO's 2022 AIP was contingent upon achieving individual performance goals specific to the CEO, and one-third of the other NEOs' 2022 AIP was contingent upon achieving individual performance goals specific to such NEO. For the CEO, these goals were established by the Compensation Committee in February 2022 and communicated to him. For all other NEOs, the CEO established the goals with review and input from the applicable NEO and with the direction of the Compensation Committee. At the end of 2022, the CEO assessed the performance of each NEO and presented his recommendations on the NEO's individual performance to the Compensation Committee in the first quarter of 2023 for approval. The Compensation Committee exclusively assesses the CEO's performance. As part of the assessment of the individual performance portion of the 2022 AIP, the Compensation Committee has the authority to reduce the actual amount payable to the CEO and each other NEO under their awards.

For 2022, the CEO and each other NEO (other than the GC) were awarded 2022 AIP for individual performance at 100% of target. The GC was awarded 2022 AIP for individual performance at 150% of target. These awards are reflective of both the Company’s financial performance in 2022 and the CEO’s and other NEOs’ tangible evidence of accomplishing or exceeding individual performance goals notwithstanding the challenging economic and business environment. The 2022 performance assessments — noting both 2022 goals and achievements for the CEO and each other NEO — are detailed on the following pages:

<sup>(2)</sup> The Compensation Committee approved actual Adjusted EBITDA and Adjusted EPS for the year ended December 31, 2022 of \$357.6 million, or 100.4% of target, and \$6.77, or 99.6% of target, respectively, and CEO and other NEO (other than the GC), and GC individual performance of 100% of target and 150% of target, respectively.

## Annual Long-Term Incentive Pay

The annual LTIP opportunity is intended to incentivize strong financial performance over a three-year period aligning NEOs' interests with those of our shareholders. Additionally, the LTIP acts as a retention tool by providing the executives with equity ownership that vests or is earned over multiple years. For 2022, LTIP grants were awarded in the form of a Performance RSU and time-based RSA. In the case of our CEO, the Performance RSU represented 66.67%, and the RSA represented 33.33% of the total LTIP opportunity. In the case of each other NEO, the Performance RSU represented 60% and the RSA represented 40% of the total LTIP opportunity. For 2022, our CEO's total target LTIP opportunity was six times (6.0x) annual base salary to incentivize and reward sustained Relative TSR growth over the applicable three-year period. The total target LTIP opportunity of each other NEO was one times (1.0x) annual base salary.

## 2022 LTIP Awards

Performance RSUs for 2022 are earned based on Relative TSR for the three-year period beginning January 1, 2022 and ending December 31, 2024 as set forth below. Linear interpolation will be applied for performance between payout levels.

### Performance of 2020 LTIP Awards Measured as of December 31, 2022

The performance measurement period for the LTIP awards based on Relative TSR performance granted in 2020 (“2020 LTIP”) began on January 1, 2020 and ended on December 31, 2022 (the “2020 LTIP Awards”). For the measurement period, FTI Consulting achieved Relative TSR at the 70<sup>th</sup> percentile resulting in our CEO and other NEOs earning a percentage payout of approximately 131% and 141%, respectively, of the shares of Common Stock at target. The following table sets forth the number of shares of Common Stock earned by the NEOs under the 2020 LTIP Awards, certified as final by the Compensation Committee on February 20, 2023:

### Other Programs, Policies and Guidelines

#### Executive Officer Equity Ownership

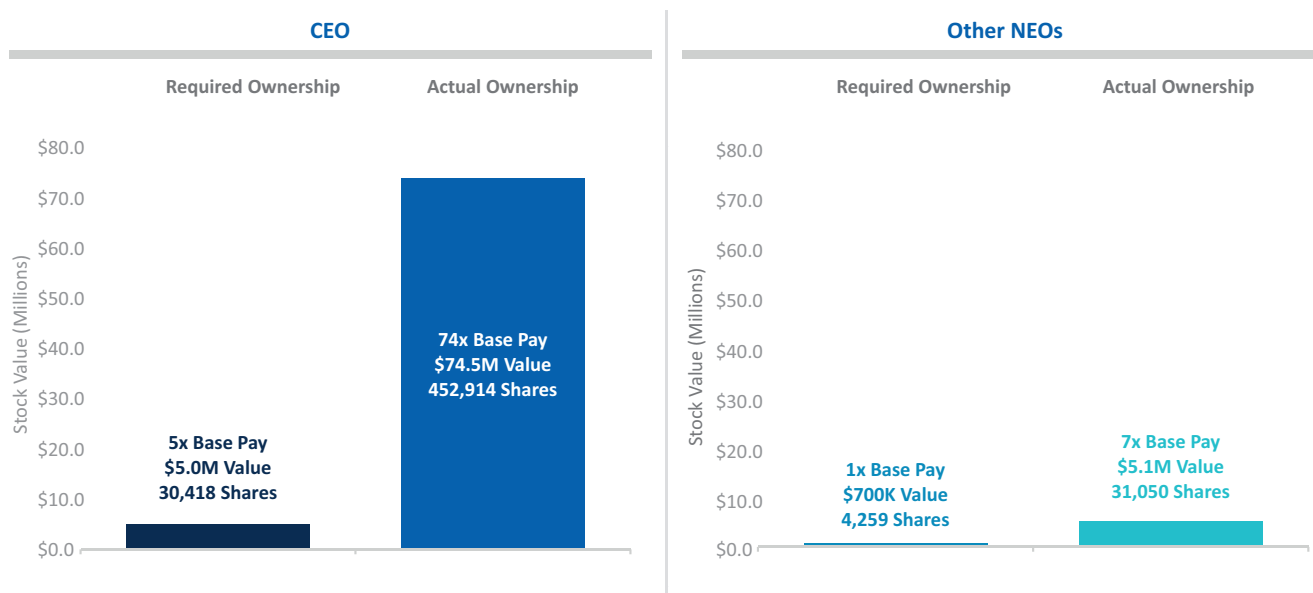

Our Policy on Executive Officer Equity Ownership (“Executive Stock Ownership Policy”) demonstrates our continuing commitment to shareholder values and is an important method to immediately align management and shareholder interests. For 2022, our CEO and other covered officers (including the other NEOs) were required to attain and maintain an investment level in Company equity equal to at least five times (5.0x) and one times (1.0x) annual cash base salary, respectively. In February 2023, the Board amended the Executive Stock Ownership Policy to increase the stock ownership levels to be attained and maintained by our CEO and other covered officers to seven times (7.0x) and three times (3.0x) annual cash base salary, respectively. The officers must attain that ownership level within three years from his or her hire date or the date he or she advances to a new required ownership level.

Sales and transfers of Company shares held by a covered officer will be restricted if he or she does not attain or maintain the applicable equity ownership investment level at the applicable time, except (i) as necessary to exercise a stock option, (ii) as necessary to pay taxes associated with the sale or vesting of equity awards, or (iii) with the prior written approval of the Compensation Committee, in its sole discretion. Shares of Company Common Stock that are directly or indirectly owned by the officer or owned through a trust, and unvested restricted shares, will count toward attaining and maintaining the applicable equity ownership level, while unvested and unexercised stock options, stock appreciation rights and unearned performance-based awards will not. The shares of Common Stock counted toward attaining and maintaining the applicable stock ownership level will be valued as the average of the closing prices per share of Common Stock reported on the New York Stock Exchange (the “NYSE”) for each trading day in the 90-calendar-day period immediately preceding the stock ownership determination date.

Each of the CEO and other NEOs met the applicable equity ownership level for 2022 as of the close of business on the Record Date. They also met the higher equity ownership levels for 2023 applicable to each of CEO and other NEOs as of the close of the business on the Record Date.

The following chart illustrates the (i) equity ownership levels in the Company actually held and required to be held by our CEO and (ii) average equity ownership level actually held by our NEOs (other than our CEO) as a group and required to be held by each such other NEO, in each case valued at **\$164.38** per share (which was the average of the closing price per share of our Common Stock reported on the NYSE for each trading day in the 90-calendar-day period immediately preceding and including the Record Date):

### Executive Officer Stock Ownership Levels

\* For purposes of the above chart, “M” = millions and “K” = thousands.

### Restrictions on Entering into Derivative Transactions; Hedging and Pledging of Company Securities

The Company’s Policy on Inside Information and Insider Trading prohibits our executive officers, non-employee directors and employees from (i) purchasing, selling and trading in options (including publicly traded options), warrants, puts and calls or similar instruments relating to our securities, (ii) engaging in derivative securities transactions involving or relating to our securities, including hedging or monetization transactions, such as zero-cost collars and forward sale contracts that allow a person to lock in a portion of the value of his or her shares, often in exchange for all or part of the potential for upside appreciation in the shares, (iii) pledging and short selling our securities, (iv) purchasing our securities on margin, and (v) placing bets on the price movement of our securities, such as spread betting.

### Clawback Policy

The Company’s Policy on Recovery of Incentive Compensation in the Event of Certain Financial Restatements (the “Clawback Policy”) provides for the recovery of the portion of any cash bonus and other incentive-based compensation (other than stock options) received or earned by any current or former executive officer of the Company on account of the achievement of performance goals that were based on

financial results that become subject to a restatement of the Company's financial statements on or after January 1, 2013. Such executive officers would be subject to the Clawback Policy if (i) the restatement was due to material non-compliance by the Company with any financial reporting requirement under applicable securities laws, other than as a result of any rule changes or interpretations of such rules, (ii) the Board determines that such executive officer was directly responsible for the non-compliance that resulted in the restatement, and (iii) the Board determines that it is in the best interests of the Company and the shareholders to seek repayment from such executive officer. In such event, if the amount received or earned by the executive officer exceeds the amount that would have been payable following the restatement of financial results, the executive officer will be required to repay such excess amount to the Company. The Board intends to revise the Clawback Policy to be consistent with the listing standards to be established by the NYSE pursuant to rules promulgated by the SEC at the end of 2022 under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Chief executive officers and chief financial officers of public companies are also subject to Section 304 of the Sarbanes-Oxley Act of 2002, which requires them to forfeit their stock sale profits and bonuses earned when there has been a financial restatement resulting from misconduct.

### **Deductibility of NEO Compensation**

Section 162(m) ("Code Section 162(m)") of the U.S. Internal Revenue Code of 1986, as amended, limits the deductibility of compensation in excess of \$1.0 million paid to a company's chief executive officer and certain other executive officers. Beginning in 2018 and subject to very limited exceptions going forward, changes in federal tax law repealed the "qualified performance-based compensation" exception under Code Section 162(m), thus limiting the Company's ability to deduct significant portions of the compensation paid to our NEOs. The Compensation Committee considers Code Section 162(m) when making compensation decisions, but other considerations, such as hiring qualified executive officers, providing our executive officers with competitive and adequate incentives to remain with and increase our business operations, financial performance and prospects, as well as rewarding extraordinary contributions, also significantly factor into the Compensation Committee's decisions. As a result, the Company reserves the right to pay compensation that may not qualify for deduction under Code Section 162(m).

### **Timing of Equity Grants**

The Compensation Committee is the administrator of our equity compensation plans and programs. The Compensation Committee makes annual equity grants to our NEOs in the form of stock-based awards, including time-based restricted stock and/or restricted stock unit awards, and performance-based restricted stock unit awards. Since 2017, the Compensation Committee has not granted stock options or stock appreciation rights as equity compensation to NEOs.

The Compensation Committee typically makes annual short-term and long-term incentive compensation pay decisions during the first quarter of the year to allow dissemination of our fourth-quarter and year-end earnings announcements prior to the grant dates of such awards. In some cases, the Compensation Committee will grant awards that are contingent, which conditions precedent may include commencement of employment or the execution and delivery of employment or other documents, or may authorize awards as of future grant dates. All option awards are made at an exercise price equal to or exceeding the fair market value per share of our Common Stock on the grant date and have a ten-year term. The equity awards to the NEOs are also subject to contractual provisions governing the acceleration of vesting on specified events. The Compensation Committee has not delegated its authority to make equity awards or prescribe the terms (including vesting terms) to our management.

### **Compensation-Related Risks**

At the request and direction of the Compensation Committee and the Audit Committee, management conducted an assessment of risks associated with the Company's compensation policies and practices for the year ended December 31, 2022. This assessment included the: (i) review of programs, plans, policies, procedures and practices relating to the components of executive officer and employee compensation; (ii) review of incentive-based equity and cash compensation; (iii) identification of compensation design features that could potentially encourage excessive or imprudent risk taking; (iv) identification of business risks that these features could potentially encourage; (v) consideration of the presence or absence of controls, oversight or other factors that mitigate potential risks; (vi) assessment of potential risks; and (vii) consideration of the potential for such risks to result in a material adverse effect on the Company and its subsidiaries taken as a whole. Based on the assessment and factors described above, the Company determined that the risks associated with its compensation policies and practices are not reasonably likely to result in a material adverse effect on the Company and its subsidiaries taken as a whole.

## Other Compensation

### Health and Welfare Benefits

We provide our NEOs with substantially the same benefits that we provide to employees generally, to promote NEO health and welfare, to facilitate their job performance and to tie their interests with those of the Company's other employees. These benefits include medical, dental, vision, prescription drug and mental health insurance, and/or a health savings account, pre-tax health and dependent care flexible spending accounts, parking and transportation reimbursement accounts, group life insurance, supplemental life insurance, accidental death and dismemberment insurance, short-term and long-term disability insurance coverage, and parental, family and medical leave.

### Retirement Benefits

We do not maintain defined benefit pension plans. Retirement benefits to U.S. employees are currently provided through our 401(k) Plan. To align the interests of our NEOs with those of our employees, NEOs are eligible to participate in our 401(k) Plan on the same basis as our general U.S. employee population and, like our employees, are eligible to receive employer matching benefits.

### Termination Payments

We have entered into employment arrangements with our CEO and other NEOs that broadly provide for the parameters of their employment with the Company and entitle them to receive specified severance payments and benefits upon certain qualifying terminations of employment. Under the employment agreement with the CEO dated as of December 13, 2013, as amended from time to time (the "CEO Employment Agreement"), in connection with a termination by the Company without "Cause" or termination by the CEO with "Good Reason" (each, as defined in the CEO Employment Agreement), subject to the execution of a release of claims (a "Release"), the CEO generally will be eligible to receive (i) pro rata cash AIP for the year of termination, (a) for the financial components of AIP, an amount determined based on the actual performance of operating financial performance metric(s) established for the year of termination (with no exercise of negative discretion), payable when such AIP is paid to other executives of the Company plus (b) based on individual performance (if an applicable performance metric for the year of termination), in an amount determined based on the CEO's individual performance AIP awarded and paid in the year prior to the year of termination, payable within two and one-half months following the effective date of the CEO's termination, and (ii) a lump sum cash severance payment equal to two times (2.0x) the sum of the CEO's annual cash base salary and target bonus, payable within 15 days of execution of a Release. The pro rata cash AIP component of the foregoing severance package described in clause (i) above is also payable in connection with a termination of the CEO as a result of the CEO's "Disability" (as defined in the CEO Employment Agreement) and death. The foregoing severance opportunity is consistent with survey market data provided by the compensation adviser.

Under the employment letters with each of the CFO, CSTO, GC and CHRO, as amended from time to time (in each case, an "Officer Employment Letter," and, collectively, the "Officer Employment Letters"), in connection with a termination by the Company without "Cause" or termination by such applicable executive officer with "Good Reason" (each as defined in the applicable Officer Employment Letter), subject to the execution of a Release, each such applicable executive officer generally will be entitled to one times (1.0x) annual cash base salary continuation for a period of 12 months following such termination, provided that such amount will be increased to one times (1.0x) the sum of (i) 12 months annual cash base salary plus (ii) target bonus for the year of termination, if such applicable executive officer's employment is terminated by the Company (or its successor) without Cause or by such applicable executive officer with Good Reason during the 18-month period following a "Change in Control" (as defined in the applicable shareholder-approved equity compensation plan of the Company then in effect). In addition to the foregoing, each such applicable executive officer generally will be eligible to receive pro rata cash AIP for the year of termination consisting of: (i) for the financial components of AIP, an amount determined based on the actual performance of operating financial performance metric(s) established for the year of termination (with no exercise of negative discretion), payable when such AIP is paid to other executives of the Company plus (ii) for the individual component of AIP (if an applicable performance measure for the year of termination), an amount determined based on such applicable executive officer's individual performance awarded and paid in the year prior to the year of termination, payable within two and one-half months following the effective date of such other NEO's termination. The severance package is also payable in connection with a termination of such applicable executive officer as a result of "Disability" (as defined in the applicable Officer Employment Letter) and death.

We believe that it is in the best interests of the Company to have these employment arrangements and provide for termination payments thereunder as they tie the interests of the NEOs to those of the Company, secure the services of the NEOs and serve as a deterrent to an NEO voluntarily leaving the Company's employ. In addition, the employment arrangements serve as consideration for the agreements of the NEOs not to compete with the Company, not to solicit employees and clients of the Company, and not to use or disclose proprietary information of the Company. For more detail on the terms and conditions of the CEO Employment Agreement and the Officer Employment Arrangements and the potential values associated with the foregoing described severance packages, see the section titled "Information about Our Executive Officers and Compensation — Employment Agreements and Termination and Change in Control Payments — Employment Arrangements" on [page 78](#) of this Proxy Statement.

## SUMMARY COMPENSATION TABLE

The following table summarizes the compensation of our NEOs for the years ended December 31, 2020, December 31, 2021 and December 31, 2022 applying the SEC’s required disclosure rules. Footnotes (2), (3) and (6) to the table describe the vesting and performance conditions associated with the stock-based awards granted in 2022 that are reported in this table, none of which vested upon grant. Performance-based awards in this table are reported at target value. An NEO may not realize any value from an equity-based award, and any realized value upon the vesting, exercise or the end of the applicable performance period may be higher or lower than reported in this table, depending upon the price per share of our Common Stock on the vesting date or Company performance for the performance period, and such differences could be significant.

<sup>(1)</sup> All cash compensation is presented in Columns (b), (f) and (h).

<sup>(2)</sup> The aggregate grant date fair market values of the time-based RSAs reported in Column (d) for 2022 have been computed in accordance with FASB ASC Topic 718, Compensation — Stock Compensation. For a discussion of the assumptions and methodologies used to value the RSAs, see “Part II, Item 8, Financial Statements and Supplementary Data— Notes to Consolidated Financial Statements — Note 1 — Description of Business and Summary of Significant Accounting Policies — Share-Based Compensation” and “Part II, Item 8, Financial Statements and Supplementary Data — Notes to Consolidated Financial Statements — Note 7 — Share-Based Compensation” of the Company’s Annual Report on Form 10-K for the year ended December 31, 2022 (the “2022 Form 10-K”). All RSAs awarded as 2022 LTIP are subject to time-based pro rata annual vesting over three years beginning with the first anniversary of the grant date. For additional information, see the section of this Proxy Statement captioned “Information about Our Executive Officers and Compensation — Equity Compensation Plans—Grants of Plan-Based Awards for Fiscal Year Ended December 31, 2022” beginning on [page 72](#) of this Proxy Statement. The following table sets forth the time-based RSAs granted as 2022 LTIP at grant date dollar values:

<b>Steven H. Gunby</b>	1,999,870
<b>Ajay Sabherwal</b>	279,909

<sup>(3)</sup> The Performance RSUs reported in Column (d) for 2022 include the target aggregate values of the Performance RSUs awarded to participating NEOs as 2022 LTIP, based upon the probable outcome of the performance condition based on FTI Consulting’s TSR compared with the Relative TSR, consistent with the

estimate of aggregate compensation costs to be recognized over the service period, excluding the effect of estimated forfeitures. Performance RSUs awarded as 2022 LTIP measure performance based on Relative TSR over three years from January 1, 2022 through December 31, 2024. The fair value per unit of the Performance RSUs has been calculated using a Monte Carlo simulation method in accordance with FASB Topic 718 for equity awards with market-based conditions, which assesses probabilities of various outcomes of the performance market condition(s). The NEOs' Performance RSUs have been valued using the grant date fair market value of \$145.71 per share (the closing price per share reported on the NYSE for the grant date of March 9, 2022) as one of the initial inputs. The resulting fair value per Performance RSU granted to (i) our CEO was \$156.24 and (ii) our other NEOs was \$159.83, which values were used to calculate the number of Performance RSUs awarded to our CEO and other NEOs, respectively. For a discussion of the assumptions and methodologies used to value such awards, see "Part II, Item 8, Financial Statements and Supplementary Data — Notes to Consolidated Financial Statements — Note 1 — Description of Business and Summary of Significant Accounting Policies — Share-Based Compensation" and "Part II, Item 8, Financial Statements and Supplementary Data — Notes to Consolidated Financial Statements — Note 7 — Share-Based Compensation" of the Company's 2022 Form 10-K. For additional information, see the section of this Proxy Statement captioned "Information about Our Executive Officers and Compensation — Equity Compensation Plans — Grants of Plan-Based Awards for Fiscal Year Ended December 31, 2022" beginning on [page 72](#) of this Proxy Statement.

<sup>(1)</sup> All cash values in Columns (g) and (i) have been computed by multiplying \$158.80 (the closing price per share of Common Stock reported by the NYSE for December 30, 2022) by the number of shares of restricted stock or restricted stock units that have not yet vested.

<sup>(2)</sup> Represents cash-based vested and exercisable SARs as of December 31, 2022, awarded to our CEO as LTIP for the year ended December 31, 2014 by the Compensation Committee, under the FTI Consulting, Inc. 2009 Omnibus Incentive Compensation Plan (the “2009 Plan”), with a grant date of April 1, 2014.

The SARs became fully vested and exercisable as of April 1, 2017.

- (3) Represents option shares that may be acquired upon exercise of the vested and exercisable stock options, which were awarded to certain NEOs as LTIP for the year ended December 31, 2015 by the Compensation Committee under the 2009 Plan, with a grant date of March 1, 2015. The stock options represent the right to acquire option shares following the applicable vesting date, upon exercise and payment of the exercise price, equal to the number of option shares for which the applicable stock option is being exercised by the holder on such date. The stock options became fully vested and exercisable as of March 1, 2018.
- (4) Represents option shares that may be acquired upon exercise of the vested and exercisable stock options, which were awarded to certain NEOs as LTIP for the year ended December 31, 2016 by the Compensation Committee under the 2009 Plan, with a grant date of March 1, 2016. ## EMPLOYMENT AGREEMENTS AND TERMINATION AND CHANGE IN CONTROL PAYMENTS

### Employment Arrangements

**Steven H. Gunby.** The Company and Steven H. Gunby are parties to the CEO Employment Agreement, which currently expires on April 1, 2025, subject to automatic renewal for successive one-year terms unless Mr. Gunby's employment has been otherwise terminated or Mr. Gunby or the Company provides 120 days' or 90 days', respectively, prior written notice of non-renewal. The CEO Employment Agreement provides for payments upon certain termination events, subject to the execution of a release of claims (a "Release"), due to termination by the Company with and without "Cause," termination by Mr. Gunby with and without "Good Reason," or "Disability" (each, as defined in the CEO Employment Agreement) or death. See the section titled "Information about Our Executive Officers and Compensation— Compensation Discussion and Analysis — Other Compensation — Termination Payments" on [page 68](#) of this Proxy Statement for additional information regarding payments to our CEO on certain termination events. The CEO Employment Agreement also provides that the CEO's AIP threshold bonus opportunity will be not less than 75% and not more than 100% of base salary, AIP target bonus opportunity will be not less than 150% and not more than 200% of base salary, and AIP maximum bonus opportunity will be not less than 225% and not more than 300% of base salary. The CEO Employment Agreement contains non-competition provisions that will continue for 18 months following the last day of employment. During that period, Mr. Gunby also will be prohibited from (i) soliciting any entity or person that has been a client, customer, employee, contractor or vendor of the Company to terminate its relationship with the Company or (ii) interfering with any relationship of the Company. Mr. Gunby also agrees not to use or disclose confidential or proprietary information of the Company in violation of the CEO Employment Agreement.

**Ajay Sabherwal, Paul Linton, Curtis P. Lu and Holly Paul.** The Company entered into Officer Employment Letters with our CFO, CSTO, GC and CHRO. The Officer Employment Letters provide for at-will employment, subject to certain terms relating to each officer's applicable annual cash base salary, sign-on bonus, bonus opportunities and severance, and bonus protection upon certain termination events. The Officer Employment Letters provide for payments upon certain termination events, subject to the execution of a Release, due to termination by the Company without "Cause," termination by the applicable executive officer with "Good Reason," or "Disability" (each, as defined in the applicable Officer Employment Letter) or death, or within 18 months following a Change in Control. See the section titled "Information about Our Executive Officers and Compensation — Compensation Discussion and Analysis — Other Compensation — Termination Payments" on [page 68](#) of this Proxy Statement for additional information regarding payments to these NEOs on certain termination events. The Officer Employment Letters contain non-competition provisions that will continue for 12 months following the last day of employment. During that period, the executive officer will be prohibited from soliciting any entity or person that has been a client, customer, employee, contractor or vendor of the Company to terminate its relationship with the Company. The executive officer also agrees not to use or disclose confidential or proprietary information of the Company in violation of his or her Officer Employment Letter.

### No Single Trigger Vesting of Equity Awards on a Change in Control

Equity awards granted on or after June 3, 2015 are not subject to automatic "single trigger" vesting acceleration upon a Change in Control. If within up to two years, in the discretion of the administrator of the Company's shareholder-approved employee equity compensation plan, following a change in control, an NEO's service with the Company or any of its affiliates is involuntarily terminated by the Company or any of its affiliates for any reason other than Cause or as a result of Disability or death or pursuant to an NEO's Good Reason termination right (which terms have the meanings assigned to them in the applicable NEO's employment arrangements or the applicable equity award agreement), all outstanding equity awards granted to such NEO that have not theretofore vested shall immediately vest and become exercisable, and all restrictions on such equity awards shall immediately lapse.

### Termination Payments

As noted above, the CEO and other NEOs will receive certain payments and benefits upon certain qualifying terminations of employment. We believe that it is in the best interests of the Company to provide for such termination payments and benefits as they tie the interests of the NEOs to those of the Company, secure the services of the NEOs and serve as a deterrent to an NEO voluntarily leaving the Company's employ. In addition, they may serve as consideration for the agreements of certain NEOs not to compete with the Company, not to solicit employees and clients of the Company, and not to use or disclose proprietary information of the Company. The following schedule and corresponding footnotes contain more details regarding the potential amounts and benefits payable upon various qualifying terminations of employment and the circumstances upon which such amounts and benefits are payable.

<sup>(1)</sup> The amounts in Column (c) assume that both the termination without Cause and Change in Control occurred on December 31, 2022.

<sup>(2)</sup> On termination for any reason, our CEO and other NEOs are eligible to receive the earned and unpaid portion of any AIP for the year prior to termination. No amount is shown in the table above in respect of 2021 AIP for the bonus year prior to termination since such amount was previously paid during the first quarter of 2022. In addition, in the event of termination by the Company without Cause, by an NEO for Good Reason, or due to Disability or death, our CEO and other NEOs are eligible to receive prorated AIP bonus for the year of termination based on (i) actual financial performance for the year of termination plus (ii) an amount on account of the individual performance component of AIP (if an applicable performance measure) determined based on such officer's individual performance AIP awarded and paid in the year prior to the year of termination. The amounts shown include 2022 AIP for the full year on account of financial and individual performance.

<sup>(3)</sup> Vested and unexercised stock options have been valued based on the difference between the applicable exercise price and \$158.80 (the closing price per share of Common Stock as reported on the NYSE for December 30, 2022). Unvested RSAs have been valued based on \$158.80 (the closing price per share of Common Stock as reported on the NYSE for December 30, 2022).

<sup>(4)</sup> On termination for any reason, the unvested RSA awarded in payment of a portion of 2022 AIP to our CEO shall fully vest and be non-forfeitable upon execution and delivery of a Release and continued compliance with the applicable restricted covenants of the CEO Employment Agreement.

<sup>(5)</sup> The information presented assumes that on termination due to Disability or death, unvested RSAs awarded as LTIP shall fully vest and be non-forfeitable upon execution and delivery of a Release and continued compliance with the applicable non-competition provisions of applicable employment arrangements. On termination for any other reason, unvested RSAs awarded as LTIP that are scheduled to vest on the vesting date immediately following the effective date of such termination shall remain outstanding and shall be fully vested and non-forfeitable on the originally next scheduled vest date (without regard to any employment requirement) upon the execution and delivery of a Release and continued compliance with the applicable non-competition provisions of applicable employment arrangements.

<sup>(6)</sup> The Cash-based SAR has been valued based on the difference between the applicable base price and \$158.80 (the closing price per share of Common Stock as reported on the NYSE for December 30, 2022).

<sup>(7)</sup> The information presented assumes that at December 31, 2022, the applicable performance conditions under outstanding Performance RSUs awarded as LTIP to our NEOs on March 11, 2020, March 10, 2021 and March 9, 2022 have been valued as (i) the total number of target shares granted at \$158.80 (the closing price per share of Common Stock as reported on the NYSE for December 30, 2022), multiplied by (ii) the payout ratio for each award as of December 31, 2022 based on a third-party valuation.

<sup>(8)</sup> As of December 31, 2022, upon termination by the Company without Cause or termination by the CEO with Good Reason, our CEO was eligible to receive a cash severance payment equal to two times (2.0x) the sum of (i) his annual cash base salary plus (ii) target bonus for the year of termination. See the section titled "Information about Our Executive Officers and Compensation — Compensation Discussion and Analysis — Other Compensation — Termination Payments" on [page 68](#) of the Proxy Statement for additional information.

- <sup>(9)</sup> Health and welfare benefits represent the current costs of continuing group health and group life insurance coverage for the CEO and his eligible dependents for 18 months after termination and for the other NEOs and their eligible dependents for 12 months after termination.
- <sup>(10)</sup> As of December 31, 2022, upon termination by the Company without Cause or termination by an NEO (other than the CEO) with Good Reason, such NEO will be eligible to receive one times (1.0x) annual cash base salary continuation for a period of 12 months, provided that such amount will be increased to one times (1.0x) the sum of (i) 12 months of annual cash base salary plus (ii) target bonus for the year of termination if the applicable NEO's employment is terminated by the Company (or its successor) without Cause or by the applicable NEO for Good Reason during the 18-month period following a Change in Control. The amount shown includes 2022 AIP for the full year at target. See the section titled "Information about Our Executive Officers and Compensation — Compensation Discussion and Analysis — Other Compensation — Termination Payments" on [page 68](#) of the Proxy Statement for additional information.

## PAY VERSUS PERFORMANCE DISCLOSURE

<sup>(3)</sup> The dollar amounts reported in Column (c) represent the average of the amounts reported for the company’s other NEOs in the “Total” column of the Summary Compensation Table in each applicable year. The names of the NEOs included for purposes of calculating the average amounts in each applicable year are Ajay Sabherwal, Paul Linton, Curtis P. Lu and Holly Paul.

The dollar amounts do not reflect the actual average amount of compensation earned by or paid to the other NEOs during the applicable year. In accordance with the requirements of Item 402(v) of Regulation S-K, the following adjustments were made to average total compensation for the other NEOs for each year to determine the compensation actually paid, using the same methodology described above in Note 2:

<b>ADJUSTMENTS TO DETERMINE COMPENSATION ACTUALLY PAID</b>	<b>2022</b>	<b>2021</b>	<b>2020</b>

- (5) The peer groups used to calculate the peer group TSR disclosed in this column are the 2021 Peer Group discussed in the CD&A for 2022 and the prior peer group for 2020 and 2021.
- (6) Executive compensation decisions for 2020 and 2021 were informed by reference to a different peer group. Three companies — Eaton Vance Corp., Legg Mason, Inc. and Navigant Consulting, Inc. — included in the previous peer group were acquired and no longer qualified for inclusion in the 2021 Peer Group. ## CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K promulgated by the SEC, we are providing the pay ratio of the annual total compensation of our CEO compared with the annual total compensation of our median compensated employee (the “CEO Pay Ratio”) for the year ended December 31, 2022.

In order to identify our 2022 median employee, we (i) analyzed annual base salary, bonus and overtime compensation of individuals employed as of October 1, 2022, (ii) annualized the compensation of permanent employees hired during 2022 through October 1, 2022, (iii) used year-end exchange rates to convert compensation paid to non-U.S. employees to U.S. dollars, and (iv) used the exemption permitted under Item 402(u) of Regulation S-K to exclude employees from 16 countries — Argentina (19), Brazil (52), the Cayman Islands (22), China (91), Denmark (12), Finland (22), Indonesia (1), Ireland (66), Italy (23), Japan (12), Korea (8), Malaysia (9), Mexico (24), the Netherlands (42), Qatar (2) and Switzerland (1). This resulted in the exclusion of 406 employees, comprising less than 5% of our total employee population as of October 1, 2022 and resulting in a net employee population of 7,725 out of our original employee population of 8,131 prior to such exclusions.

We previously used December 31 as the determination date for identifying our median employee. The change of our determination date to October 1 was made to ease compliance and does not significantly affect the composition of the employee population.

We calculated the 2022 median employee’s annual total compensation for the year ended December 31, 2022 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. The total compensation for the 2022 median employee, a U.S.-based senior consultant, includes annual base salary, bonus and Company matching contributions under our 401(k) Plan. The 2022 median employee’s total compensation for purposes of determining the CEO Pay Ratio was \$131,034; and the 2022 total compensation of our CEO for the purposes of determining the CEO Pay Ratio was \$9,135,687.

Based on this information, our 2022 CEO Pay Ratio was 70 to 1. We believe that this ratio represents a reasonable estimate calculated in a manner consistent with Item 402(u) and is not intended as a measure of comparison with any other company.

## CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

### REVIEW AND APPROVAL OF RELATED-PARTY TRANSACTIONS

The Company's legal staff is primarily responsible for the development and implementation of processes and controls to obtain information from the Company, directors and executive officers with respect to related-person transactions and for then determining, based on the facts and circumstances, whether a related-person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be, directly or indirectly, material to a related-person are disclosed in this Proxy Statement. As set forth in the Audit Committee Charter, the Audit Committee reviews and approves transactions with related-persons, including contracts or other transactions between or among the Company or a subsidiary or affiliate, on the one hand, and an officer, director or nominee for director, an immediate family member of an officer, director or nominee for director, a company, firm or entity in which an officer, director or nominee for director serves as an officer, director or partner or has a material interest, or a beneficial holder of more than 5% of the Company's voting securities, on the other hand. In the course of its review, approval and ratification, the Audit Committee considers factors such as:

- the financial and other terms of the transaction and whether such terms are substantially equivalent to terms that could be negotiated with third parties;
- the nature of the related-person's interest in the transaction;
- the importance of the transaction to the related-person and to the Company;
- the likelihood that the transaction would influence the judgment of a director or executive officer to not act in the best interests of the Company; and
- any other matters that the Audit Committee deems appropriate.

### 2022 RELATED-PARTY TRANSACTIONS

In the ordinary course of business, we enter into commercial transactions to provide consulting and advisory services, from time to time, with clients or their affiliates for which our directors serve as directors and/or executive officers. All of those transactions have been approved by the Audit Committee of the Company. We consider these transactions to be arm's length, and we do not believe that any directors who served since the beginning of the last completed fiscal year had or has any material direct or indirect pecuniary or other interests in such engagements. Additionally, from time to time, in the ordinary course of business, a beneficial owner of more than 5% of the Company's voting securities, such as those discussed below, directly or indirectly, on behalf of itself and/or affiliates, enters into engagements for consulting and advisory services with the Company and our affiliates on an arm's-length negotiated basis. Such engagements may or may not be with affiliates identified as having an interest in our shares of Common Stock. All such engagements comply with the Audit Committee's policy for related-party transactions.

On January 25, 2023, BlackRock, Inc. ("BlackRock") filed a Schedule 13G/A with the SEC reporting beneficial ownership of shares of our Common Stock representing 8.90% of our outstanding shares of Common Stock. Exhibit A to the Schedule 13G/A identifies certain affiliates that have acquired such shares and have rights to receive dividends and proceeds from the sale of shares of our Common Stock and reports that no one person's interest is more than 5% of the total outstanding shares of Common Stock. One of the affiliates, BlackRock Fund Advisors, beneficially owns 5% or greater of our Common Stock reported on such Schedule 13G/A. From time to time, in the ordinary course of our business, BlackRock, directly or indirectly, on behalf of itself and/or through affiliates, has entered into engagements for consulting and advisory services with the Company and our affiliates on an arm's-length negotiated basis. Such engagements may or may not be with affiliates identified as having an interest in our shares. During calendar year 2022, revenues from engagements to provide consulting and advisory services to BlackRock and its affiliates aggregated \$1,239,010.

On February 9, 2023, The Vanguard Group, Inc. ("Vanguard") filed a Schedule 13G/A with the SEC reporting beneficial ownership of shares of our Common Stock representing 9.32% of our outstanding shares of Common Stock. Vanguard's Schedule 13G/A reports that Vanguard's clients, including investment companies registered under the Investment Company Act of 1940 and other managed accounts, have the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, shares of our Common Stock, and no one other person's interest in the Common Stock is more than 5% of the total outstanding shares of Common Stock. From time to time, in the ordinary course of our business, Vanguard, directly or indirectly, on behalf of itself and/or through affiliates, has entered into engagements

for consulting and advisory services with the Company and our affiliates on an arm’s-length negotiated basis. Such engagements may or may not be with affiliates identified as having an interest in our shares. During calendar year 2022, revenues from engagements to provide consulting and advisory services to Vanguard and its affiliates aggregated \$766,834.

## PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table sets forth the aggregate fees for services rendered by KPMG as our independent registered public accounting firm for the full years ended December 31, 2021 and 2022. In connection with the audit of the 2021 and 2022 financial statements, we entered into engagement agreements with KPMG that set forth the terms by which KPMG performs audit services for the Company.

	2021 (\$)	2022 (\$)
	<i>(IN THOUSANDS)</i>	
Audit Fees	3,362	3,798
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	17	6
<b>Total</b>	<b><u>3,379</u></b>	<b><u>3,804</u></b>

Audit Fees are fees we paid KPMG for the audit and quarterly reviews of our consolidated financial statements, assistance with and review of documents filed with the SEC, comfort letters, consent procedures, accounting consultations related to transactions, and the adoption of new accounting pronouncements and audits of our subsidiaries that are required by statute or regulation. In 2022, approximately \$3,798,000 in fees were incurred for audit (including the audit of internal controls over financial reporting) and quarterly review services provided in connection with periodic reports filed under the Exchange Act, statutory audits, consultations and consent procedures. Audit Fees for 2022 also included approximately \$115,000 and \$83,028 in fees incurred related to the audit of FTI Capital Advisors, LLC, a FINRA member firm, and FTI Capital Advisors Canada, ULC, respectively. Tax Fees primarily include tax compliance and planning services. All Other Fees include fees related to the Company’s use of KPMG’s research tool.

KPMG has confirmed to us its independence with respect to the Company under all relevant professional and regulatory standards.

For 2021 and 2022, the Audit Committee or a subcommittee of the Audit Committee pre-approved all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for us by our independent registered public accounting firm, subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act. The Audit Committee may delegate to one or more members or subcommittees the authority to grant pre-approvals of audit and permitted non-audit services, provided, however, that such member or subcommittee will be required to present its determinations to the Audit Committee at its next scheduled meeting.

## REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following report of the Audit Committee shall not be deemed to be “soliciting material” or to otherwise be considered “filed” with the U.S. Securities and Exchange Commission (the “SEC”), nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that FTI Consulting, Inc., a Maryland corporation (the “Company”), specifically incorporates it by reference into such filing.

The Audit Committee assists the Board of Directors (the “Board”) of the Company in overseeing and monitoring the integrity of the Company’s financial reporting process, the Company’s compliance with legal and regulatory requirements, its internal control and disclosure control systems, the integrity and audit of its consolidated financial statements, the qualifications and independence of its independent registered public accounting firm, and the performance of its internal auditors and independent registered public accounting firm.

The Audit Committee’s role and responsibilities are set forth in a written Charter of the Audit Committee, last amended and restated as of February 23, 2011 (the “Audit Committee Charter”). We review and reassess the Audit Committee Charter annually, and more frequently as necessary, to address any new, or changes to, rules relating to audit committees and recommend any changes to the Nominating, Corporate Governance and Social Responsibility Committee and the Board for approval. A copy of the Audit Committee Charter is publicly available and can be found on the Company’s website under “About FTI — Governance” and at <https://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/charter-of-the-audit-committee-of-the-board-of-directors.pdf>.

The Audit Committee currently consists of four independent non-employee directors recommended by the Nominating, Corporate Governance and Social Responsibility Committee and appointed by the Board: Nicholas C. Fanandakis (Chair), Mark S. Bartlett, Vernon Ellis and Gerard E. Holthaus. All of the members of the Audit Committee qualify as financially literate and are able to read and understand fundamental financial statements, including our balance sheet, income statement and cash flow statement, and related notes. The Board determined that all members of the Audit Committee qualify as “audit committee financial experts.”

The Company’s independent registered public accounting firm is responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Company’s independent registered public accounting firm also reviews the Company’s quarterly financial statements. Management is responsible for the Company’s financial statements and the financial reporting process, including internal controls. In addition, the Company’s independent registered public accounting firm is responsible for performing an audit of the Company’s internal control over financial reporting in accordance with standards of the Public Company Accounting Oversight Board (“PCAOB”) and for issuing a report thereon. We, the Audit Committee, are responsible for monitoring and overseeing the annual audit process and discussing with the Company’s internal auditor and independent registered public accounting firm the overall scope and plans for their respective audits.

We meet periodically with the Company’s management and internal auditor, and independent registered public accounting firm, both together and separately. We review and discuss any deficiencies in the Company’s internal control over financial reporting with the Company’s independent registered public accounting firm and management’s response. The Audit Committee engaged KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm for the quarters and year ended December 31, 2022. KPMG attended four meetings of the Audit Committee and separately met three times with the Audit Committee in closed sessions without management being present with respect to audit, financial reporting and internal control matters during calendar year 2022. One or more members of management attended all regular and special meetings of the Audit Committee, and management separately met one time with the Audit Committee in closed session with respect to audit, financial reporting and internal control matters during calendar year 2022. The Audit Committee separately met with the Vice President, Internal Audit of the Company one time in closed session during calendar year 2022. The Chair of the Audit Committee was delegated the authority by the Audit Committee to meet more frequently with the Vice President, Internal Audit, without management and other committee members being present, and management without other committee members being present, and he reported back to the other members of the Audit Committee with respect to those meetings. In this context, the Audit Committee hereby reports as follows:

- (1) We have reviewed and discussed the Company’s audited consolidated financial statements as of and for the year ended December 31, 2022 with management and the independent registered public accounting firm. Management represented to the Audit Committee that the consolidated financial statements of the Company were prepared in accordance with U.S. generally accepted accounting principles.

- (2) The Audit Committee discussed with KPMG the matters required to be discussed by the applicable requirements of the PCAOB and the SEC. These matters included a discussion of KPMG's judgments about the quality (not just the acceptability) of the accounting practices of the Company and accounting principles as applied to the financial reporting of the Company.
- (3) The Audit Committee received from KPMG the written disclosures required by the applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence, and the Audit Committee discussed with KPMG its independence. The Audit Committee further considered whether the provision by KPMG of any non-audit services described elsewhere in this Proxy Statement is compatible with maintaining auditor independence and determined that the provision of those services does not impair KPMG's independence. We pre-approve the non-audit services performed by KPMG.
- (4) The Audit Committee reviewed and discussed with management and KPMG, management's report and KPMG's report on internal control of our financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.
- (5) Based upon the review and discussion referred to in paragraphs (1) through (3) above, and the Audit Committee's review of the representations of management and the disclosures by the independent registered public accounting firm to the Audit Committee, we recommended to the Board that the audited consolidated financial statements be included in the Annual Report on Form 10-K of the Company for the fiscal year ended December 31, 2022 for filing with the SEC. We have concluded that KPMG, the Company's independent registered public accounting firm for fiscal 2022, is independent from the Company and its management.

We have appointed KPMG as the Company's independent registered public accounting firm for the year ending December 31, 2023.

This Report is submitted by the members of the Audit Committee of the Board of Directors of FTI Consulting, Inc., a Maryland corporation.

## DEFINITIONS AND RECONCILIATIONS OF NON-GAAP TO THE MOST DIRECTLY COMPARABLE GAAP FINANCIAL MEASURES

Certain financial measures presented in our Proxy Statement have not been presented or prepared in accordance with generally accepted accounting principles in the United States (“GAAP”). Certain of these financial measures are considered not in conformity with GAAP (“non-GAAP financial measures”) under the rules promulgated by the U.S. Securities and Exchange Commission.

We define Adjusted EBITDA, which is a non-GAAP financial measure, as consolidated net income before income tax provision, other non-operating income (expense), depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, gain or loss on sale of a business and losses on early extinguishment of debt. We believe that this non-GAAP financial measure, when considered together with our GAAP financial results and GAAP financial measures, provides management and investors with a more complete understanding of our operating results, including underlying trends. In addition, EBITDA is a common alternative measure of operating performance used by many of our competitors. It is used by investors, financial analysts, rating agencies and others to value and compare the financial performance of companies in our industry. Therefore, we also believe that these non-GAAP financial measures, considered along with corresponding GAAP financial measures, provide management and investors with additional information for comparison of our operating results with the operating results of other companies.

We define Adjusted Net Income and Adjusted Earnings per Diluted Share (“Adjusted EPS”), which are non-GAAP financial measures, as net income and earnings per diluted share (“EPS”), respectively, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, losses on early extinguishment of debt, non-cash interest expense on convertible notes and the gain or loss on sale of a business. We use Adjusted Net Income for the purpose of calculating Adjusted EPS. Management uses Adjusted EPS to assess total Company operating performance on a consistent basis. We believe that these non-GAAP financial measures, when considered together with our GAAP financial results and GAAP financial measures, provide management and investors with an additional understanding of our business operating results, including underlying trends.

We define “organic revenue growth,” which is a non-GAAP financial measure, as the change in revenues, excluding the estimated impact of foreign currency (“FX”) and acquisition-related revenues. The Company estimates the impact of FX driven by our businesses with functional currencies other than the U.S. dollar (“USD”) on period-to-period performance results. The estimated impact of FX is calculated as the difference between the prior period results multiplied by the average FX exchange rates to USD in the current period and applicable prior period results, multiplied by the average FX exchange rates to USD in the prior period. We define acquisition-related revenues as revenues of acquired companies in the first 12 months following the effective date of the acquisition. Organic revenue growth provides management and investors with a more consistent comparison of our revenues across periods, including underlying trends.

Non-GAAP financial measures are not defined in the same manner by all companies and may not be comparable with other similarly titled measures of other companies. In addition, non-GAAP financial measures used for computing executive officer annual incentive pay may be defined differently from similarly titled measures used for financial reporting purposes. Non-GAAP financial measures should be considered in addition to, but not as a substitute for or superior to, the information contained in our Consolidated Statements of Comprehensive Income and Consolidated Statements of Cash Flows.

## DEFINITIONS OF ADJUSTED EPS AND ADJUSTED EBITDA FOR PURPOSES OF CALCULATING ANNUAL INCENTIVE PAY FOR THE BONUS YEAR ENDED DECEMBER 31, 2022 AND RECONCILIATIONS TO THE MOST DIRECTLY COMPARABLE GAAP MEASURES

Certain financial measures presented in our Proxy Statement have not been presented or prepared in accordance with generally accepted accounting principles in the United States (“GAAP”). Certain of these financial measures are considered not in conformity with GAAP (“non-GAAP financial measures”) under the rules promulgated by the U.S. Securities and Exchange Commission. Certain of the non-GAAP financial measures used to determine annual incentive pay for the year ended December 31, 2022 (“2022 AIP”) are defined differently from the definitions of the similarly named non-GAAP financial measures used for financial reporting purposes. The definitions and calculations of non-GAAP financial measures used for 2022 AIP purposes are as follows:

### ADJUSTED EARNINGS PER DILUTED SHARE (“ADJUSTED EPS”)

We define Adjusted EPS, a non-GAAP financial measure, as earnings per diluted share, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, losses on early extinguishment of debt, non-cash interest expense on convertible notes and the gain or loss on sale of a business.

The Compensation Committee may, at its discretion, further adjust Adjusted EPS for the following items:

- (1) each of the potential further adjustments included in the 2022 Adjusted EBITDA definition;
- (2) exclusion of any gain or loss reflected in the Company’s Consolidated Statement of Income as a result of any sale or other disposition of any business or business segment of the Company in part or in its entirety completed in 2022, to the extent that such gain or loss is not already excluded from Adjusted EPS; and
- (3) inclusion of, in the event of a sale or disposition of part of any business or business segment of the Company completed in 2022, the minority interest of such business or business segment subsequent to the closing of the sale or disposition. In the event of any sale or other disposition of any business or business segment of the Company in its entirety completed in 2022, the Adjusted EPS performance metrics may be reduced by an amount equal to the budgeted operating income for such business or business segment for the portion of 2022 subsequent to the closing of such transaction.

### Reconciliations of Net Income and EPS to Adjusted Net Income and Adjusted EPS for the Year Ended December 31, 2022

For purposes of 2022 AIP, the Compensation Committee determined not to further adjust Adjusted EPS. Any further adjustments to Adjusted EPS would not have negatively impacted achievement of the 2022 Adjusted EPS performance metric at 98.9% of target, as illustrated below:

## ADJUSTED EBITDA

We define Adjusted EBITDA, a non-GAAP financial measure, as consolidated net income before income tax provision, other non-operating income (expense), depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges, gain or loss on sale of a business and losses on early extinguishment of debt.

The Compensation Committee may, at its discretion, further adjust Adjusted EBITDA to exclude the following items:

- (1) operating results including costs and expenses of operations (including minority interest) discontinued, sold or acquired;
- (2) impact of foreign exchange rates different from budget (i.e. – constant currency);
- (3) costs and expenses related to financing activity and gains or losses related to financing activity;
- (4) unplanned severance costs; and
- (5) litigation settlements and costs.

### Reconciliation of Net Income to Adjusted EBITDA for the Year Ended December 31, 2022

For purposes of 2022 AIP, the Compensation Committee determined not to further adjust Adjusted EBITDA. Any further adjustments to Adjusted EBITDA would not have negatively impacted achievement of the 2022 Adjusted EBITDA performance metric at 101.1% of target, as illustrated below:
